| Title: Over-the-Counter (OTC) Medications |                  |

**This SOP is just an example. Each center must create its own policy to meet its students' needs that complies with applicable state and federal laws.**

#### **A. PURPOSE**

To provide guidance on how to safely provide over-the-counter (OTC) medications to students for self-management of minor illnesses and conditions.

#### **B. POLICY**

OTC medications are drugs that have been found to be safe and appropriate for use without the supervision of a health care professional, such as a physician, and can be purchased without a prescription. OTC medications contain ingredients that may be used to treat certain diseases or conditions with the appropriate dose and instructions for use on the container.

Students periodically develop minor symptoms that are easily managed with OTC medications. These symptoms may develop during the training day or when the Health and Wellness Center (HWC) is closed. Unlicensed (non-health) staff members are trained in the use of Symptomatic Management Guidelines and should have OTC medications available for student use when following these Guidelines.

The health and wellness manager (HWM), in conjunction with the center physician or other dispensing practitioner, must determine which, where, and how OTC medications will be made available to students outside of the HWC.

#### **C. PROCEDURES**

- OTC medications provided by non-health staff must be individually packaged for single doses in a properly sealed and properly labeled container.
- OTC medications must be safely secured by staff members who are trained and authorized to hold OTC medications for student use. This will vary by state law.
- If a non-health staff member who is responsible for the OTC medications suspects that there might be inappropriate use by a student, he/she must report this to the HWC staff as soon as possible.
- An OTC medication sign-out sheet must be kept with the OTC medication box. The sign-out sheet should include: the student's name, the medication taken, the signature of the student, and signature of the observing staff member (see OTC Sign-Out Sheet Template).
