Global Health Education Ashti A. Doobay-Persaud, Tracy L. Rabin, Tomlin Paul, Jessica Evert ,Benedicta Ayiedu Mensah, 2024-10-01 Global Health a field of study research and practice defined in 2009 with precursors in international health and development is currently reckoning with itself The field has well intended goals emphasizing collaboration and dialogue between population health public health clinical care and other disciplines to address socioeconomic determinants of health and employing interdisciplinary approaches to address health inequities wherever they exist Despite these lofty ideals there are concerns that the field itself has historically served to reinforce rather than deconstruct colonialism and power imbalances At this point in time the field has evolved toward a vision of a community of practice between institutions across the income spectrum HIC LMIC LIC working in bidirectional and multidirectional ways to develop staff staff space systems and strategies to eliminate health disparities However with deeply rooted colonial assumptions racism elitism and other forms of bias underlying institutions and individuals initiatives operating under the auspices of Global Health are all too often antithetical to the pursuit itself **Understanding Climate Change through Religious Lifeworlds** David L.

Haberman, 2021-05-04 How can religion help to understand and contend with the challenges of climate change *Understanding Climate Change through Religious Lifeworld* edited by David Haberman presents a unique collection of essays that detail how the effects of human related climate change are actively reshaping religious ideas and practices even as religious groups and communities endeavor to bring their traditions to bear on mounting climate challenges People of faith from the low lying islands of the South Pacific to the glacial regions of the Himalayas are influencing how their communities understand earthly problems and develop meaningful responses to them This collection focuses on a variety of different aspects of this critical interaction including the role of religion in ongoing debates about climate change religious sources of environmental knowledge and how this knowledge informs community responses to climate change and the ways that climate change is in turn driving religious change *Understanding Climate Change through Religious Lifeworlds* offers a transnational view of how religion reconciles the concepts of the global and the local and influences the challenges of climate change

Myth and Philosophy Frank E. Reynolds, David Tracy, 1990-10-30 The book as a whole seeks to reinvigorate an academic discipline philosophy of religion which has fallen on hard times and to do so by building a bridge between philosophy and empirical historical studies of religion The topic is both significant and timely Too long the empiricists have been inadequately sophisticated philosophically and too long the philosophers have ignored historical data both in its breadth and depth In not only calling for bridges between these disciplines but actually building some the work makes a significant

contribution to both Alan Miller This book is useful because it provides some insights both into the ways scholars think about various aspects of religious behavior and also information about important features of such behavior Both myth and philosophy are topics of great significance and have been discussed by many philosophers and historians of religions and some anthropologists An interesting set of questions about the nature of religion and nature of philosophy and their relationships and also about the nature of myth and its relationship to philosophy is emerging at the forefront of academic discussions in departments of religion departments of philosophy and departments of anthropology It contains some well written and conceptually interesting essays E Thomas Lawson The Social and Political Systems of Central Polynesia

Robert W. Williamson, 2013-11-14 Originally published in 1924 this book forms part of a three volume study on the socio political systems of Polynesian islands near the equator **Hawaiki, Ancestral Polynesia** Patrick Vinton Kirch, Roger C. Green, 2001-03-15 The power of an anthropological approach to long term history lies in its unique ability to combine diverse evidence from archaeological artifacts to ethnographic texts and comparative word lists In this innovative book Kirch and Green explicitly develop the theoretical underpinnings as well as the particular methods for such a historical anthropology Drawing upon and integrating the approaches of archaeology comparative ethnography and historical linguistics they advance a phylogenetic model for cultural diversification and apply a triangulation method for historical reconstruction They illustrate their approach through meticulous application to the history of the Polynesian cultures and for the first time reconstruct in extensive detail the Ancestral Polynesian culture that flourished in the Polynesian homeland Hawaiki some 2 500 years ago Of great significance for Oceanic studies Kirch and Green s book will be essential reading for any anthropologist prehistorian linguist or cultural historian concerned with the theory and method of long term history

Science John Michels (Journalist), 1888 Since Jan 1901 the official proceedings and most of the papers of the American Association for the Advancement of Science have been included in Science **The Oxford Companion to World**

Mythology David Leeming, 2005-11-17 Cave paintings at Lascaux France and Altamira Spain fraught with expression thousands of years later point to an early human desire to form a cultural identity In the Oxford Companion to World Mythology David Leeming explores the role of mythology or myth logic in history and determines that the dreams of specific cultures add up to a larger collective story of humanity Stopping short of attempting to be all inclusive this fascinating volume will nonetheless be comprehensive opening with an introduction exploring the nature and dimensions of myth and proposing a definition as a universal language Briefly dipping into the ways our understanding of myth has changed from Aristotle and Plato to modern scholars such as Joseph Campbell the introduction loosely places the concept in its present context and precedes articles on influential mythologists and mythological approaches that appear later in the Companion The main body of Leeming s work consists of A Z entries covering all aspects of mythology including substantial essays on the world s major mythological traditions Greek Native American Indian Japanese Sumerian Egyptian mythological types and

motifs Descent to the Underworld the Hero the Trickster Creation the Quest mythological figures Odysseus Zeus Osiris Spider Woman and Inanna as well as numerous interrelated subjects such as fairy tales and legends The Companion also locates myth in our lives today relating it to language patterns psychology religion politics art and gender attitudes Many of the better known and more significant myths are vividly retold in this volume that will be illustrated with maps more than 70 black and white images and eight pages of color highlighting the central role art has often played in the transmission and perpetuation of myth Following the entries a rich section of appendices will include family trees of the major pantheons equivalency charts for the gods of Greece and Rome Babylon and Sumer as well as other traditions an extensive bibliography and an index

The Japanese Period Film S.A. Thornton, 2015-03-26 This study examines the history of the Japanese period film and proposes that a powerful relationship exists between the past and present in Japan's narrative tradition The first section of the book analyzes the form and function of the Japanese period film describing the unique iconography and characteristics of films set in the past The author also examines how the period film has allowed Japanese filmmakers to circumvent government censorship by serving as a rhetorical device with which they can explore contemporary concerns through a criticism of the past The final section of the book contains chapters that focus on the narrative in Japanese epic religion theater and modern popular literature A complete filmography and bibliography are included

The Living Church, 1983

Progressive Traditions Helen Parker, 2021-10-01 This monograph with an accompanying CD ROM explores through plot repetition the relationships between three genres of traditional Japanese theatre: kabuki and nō with a focus on plays depicting the final fugitive years of Minamoto no Yoshitsune First the theoretical background to the concept of plot repetition is discussed and the theme of Yoshitsune's downfall is introduced The next and main section analyses the treatment of the Funa Benkei and Ataka Kanjinch plots in the three genres with reference to their historical development and contemporary performance The CD ROM contains video clips photographs and nishiki e prints from productions in each genre to illustrate how the plots are presented on stage

Humboldt: 'On Language' Wilhelm von Humboldt, 1999-12-09 Wilhelm von Humboldt's classic study of human language was first published in 1836 as a general introduction to his three volume treatise on the Kawi language of Java It is the final statement of his lifelong study of the nature of language exploring its universal structures and its relation to mind and culture Empirically wide ranging Humboldt goes far beyond the Indo European family of languages it remains one of the most interesting and important attempts to draw philosophical conclusions from comparative linguistics This 1999 volume presents a translation by Peter Heath together with an introduction by Michael Losonsky that places Humboldt's work in its historical context and discusses its relevance to contemporary work in philosophy linguistics cognitive science and psychology

Confucianism Paul R. Goldin, 2014-12-05

Confucianism presents the history and salient tenets of Confucian thought and discusses its viability from both a social and a philosophical point of view in the modern world Despite most of the major Confucian texts having been translated into English there remains a surprising lack of straightforward textbooks on Confucian philosophy in any Western language Those that do exist are often oriented from the point of view of Western philosophy or worse a peculiar school of thought within Western philosophy and advance correspondingly skewed interpretations of Confucianism This book seeks to rectify this situation It guides readers through the philosophies of the three major classical Confucians Confucius 551 479 BCE Mencius 372 289 BCE and Xunzi fl 3rd cent BCE and concludes with an overview of later Confucian revivals and the standing of Confucianism today *Business, Ethics and Institutions* Asli M. Colpan, Geoffrey Jones, 2019-09-18 This book is the first systematic scholarly study on the business history of Turkey from the nineteenth century until the present It aims to place the distinctive characteristics of capitalism in Turkey within a global and comparative perspective dealing with three related issues First it examines the institutional context that shaped the capitalist development in Turkey Second it focuses on the corporate actors entrepreneurs and business enterprises that have led the national economic growth Third it explores the ethical foundations and social responsibility of business enterprises in the country The comparative and historical approach sets the volume apart from previous books on the subject Business Ethics and Institutions aims to strengthen scholarly and policy understanding of Turkish capitalism and the diversified business groups which dominate the economy by providing a deep analysis of the evolution of political and social institutions which shaped corporate activity It demonstrates the key role played by large family owned business groups in Turkey s development It also seeks to identify both the similarities and the differences in the Turkish pattern of economic development making comparisons with Japan an early example of catch up and a more successful model than Turkey The comparative perspective makes the book highly relevant to a wide range of scholars interested in the institutional foundations of modern capitalism and will be of value to researchers academics and students in the fields of business and economic history ethics organizational studies and entrepreneurship Rethinking Sage Philosophy Kai Kresse, Oriare Nyarwath, 2022-11-16 Rethinking Sage Philosophy Interdisciplinary Perspectives on and beyond H Odera Oruka discusses a variety of aspects of Henry Odera Oruka s sage philosophy project rethinking it with a view to current demands and recent debates in scholarship across several disciplines Edited by Kai Kresse and Oriare Nyarwath the collection engages perspectives and interests from within and beyond African philosophy and African studies including anthropology literature postcolonial critique and decolonial scholarship The chapters focus on studies of women sages sage philosophy in relation to oral literature an Acholi poem on being human in context takes on aesthetics and gender in Maasai thought a comparative discussion of Oruka s and Gramsci s approaches to the relevance of philosophy in society a critical review of method a comparative discussion dedicated to the project of decolonization with a South African case study and a conceptual reconsideration of Oruka s understanding of sages presenting the pragmatic sage as typical of the late
