management Present day scholarship on citizenship tends to problematise unsettle and contest often taken for granted conventional connotations and associations of citizenship with imagined culturally bounded political communities of rigidly controlled borders This book the result of two years of research conducted by South African and Japanese scholars within the framework of a bilateral project on citizenship in the 21st century contributes to such ongoing efforts at rethinking citizenship globally and as informed by experiences in Africa and Japan in particular Central to the essays in this book is the concept of flexible citizenship predicated on a recognition of the histories of mobility of people and cultures and of the shaping and reshaping of places and spaces and ideas of being and belonging in the process The book elucidates the contingency of political membership relationship between everyday practices and political membership and how citizenship is the mechanism for claiming and denying rights to various political communities Self requires others to construct itself a reality that is subject to renegotiation as one continues to encounter others in a world characterised by myriad forms of interconnecting mobilities both global and local Citizenship is thus to be understood within a complex of power relationships that include ones formed by laws and economic regimes on a local scale and beyond Citizenship in Africa Japan and indeed everywhere is best explored productively as lying between the open ended possibilities and tensions interconnecting the global and local

Doctrine of Terror Mahboob Illahi, 2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths and that it values sanctity of human life regardless of religious affiliation and abhors violence and extremism as being perpetrated by the misguided muslim jihadists of al Qaeda ISIS and their associated terrorist groups that have been wreaking atrocities on defenseless civilian populations of Muslim majority countries including women and children The book describes the inception support and unlimited funding of these groups by the Sunni Arab countries and implores the Funders to discontinue their support forthwith to restore peace and stability to the marginalized communities particularly the Shia Muslims of the world who have been subjected to persecution for centuries ever since the advent of Islam in the seventh century following the death of the Prophet of Islam in 623 The book also implores the World powers to end their tacit support of terrorism by seriously confronting the supporters of terrorist groups without which the terrorism will not end

From Sheikhs to Sultanism Christopher M. Davidson, 2022-01-15 Muhammad bin Salman Al Saud and Muhammad bin Zayed Al Nahyan the respective princely strongmen of Saudi Arabia and the UAE have torn up the old rules They have spurred game changing economic master plans presided over vast anti corruption crackdowns tackled entrenched religious forces and overseen the mass arrest of critics In parallel they also appear to have replaced the old sheikhly consensus systems of their predecessors with something more autocratic more personalistic and perhaps even analytically distinct These are the two wealthiest and most populous Gulf monarchies and increasingly important global powers Saudi Arabia is a G20 member and the UAE will be the host of the World Expo in 2021 2022 Such sweeping changes to their statecraft and authority structures could well end up having a direct impact for better or worse on policies economies

and individual lives all around the world Christopher M Davidson tests the hypothesis that Saudi Arabia and the UAE are now effectively contemporary or even advanced sultanates and situates these influential states within an international model of autocratic authoritarianism Drawing on a range of primary sources including new interviews and surveys From Sheikhs to Sultanism puts forward an original empirically grounded interpretation of the rise of both MBS and MBZ *The World Factbook*, 2016 Tourism, Tourists and Society Richard Sharpley, 2018-05-01 Tourism Tourists and Society provides a broad introduction to the inter relationship between tourism and society making complex sociological concepts and themes accessible to readers from a non sociological academic background It provides a thorough exploration of how society influences or shapes the behaviours motivations attitudes and consumption of tourists as well as the tourism impacts on destination societies The fifth edition has been fully revised and updated to reflect recent data concepts and academic debates New content on mobilities paradigm and the emotional dimension of tourist experiences New chapter Tourism and the Digital Revolution looking at the ways in which the Internet and mobile technology transform both tourist behaviour and the tourist experience New end of chapter further reading and discussion topics Accessible yet critical in style this book offers students an invaluable introduction to tourism tourists and society *The Report: Saudi Arabia 2014* Oxford Business Group, 2014-08-18 Home to an estimated 15.9% of the world's proven oil reserves Saudi Arabia is the single largest economy in the Middle East and North Africa According to the Ministry of Finance real GDP grew by 3.8% to 746bn in 2013 While oil income is expected to continue to account for the majority of government revenues for the foreseeable future the non oil sector has expanded significantly in recent decades growing 9.3% in 2013 Indeed while some Western countries may be seeing a return to cautious optimism and leading emerging economies are weighing the potential impact on capital flows of tapering in the US Federal Reserve's quantitative easing programme Saudi Arabia is seeing sustained growth buoyed by high global oil prices and internal investment in its own infrastructure Some 15 years after Saudi Arabia attended the inaugural meeting of G20 countries its key economic indicators make it the envy of many other member states Given the size of Saudi economy within the regional and indeed global market OBG looks in depth at bilateral trade between ASEAN nations and the GCC *MBS* Ben Hubbard (Journalist), 2020 An upcoming book to be published by Penguin Random House *Shaykh Yusuf al-Qaradawi* Sagi Polka, 2019-06-13 One of the most prominent Sunni clerics in the Muslim world today Shaykh Yusuf al Qaradawi influences the discourse around matters central to the Islamic faith and to Islam's relationship with Western culture As the spiritual leader of the wasatiyya movement he is the voice of the moderate current in contemporary Islam In this volume Polka explores al Qaradawi's life and development as a Muslim scholar and likewise examines the philosophy of the wasatiyya movement In so doing Polka compares wasatiyya to two rival schools of contemporary Islamic thought jihadist Salafism and secular liberalism creating a thorough analysis of the Islamic tradition Polka offers a broad panoramic view of these three trends and their positions on core issues debated in the Muslim world Islamic reform democracy and human
