Sba Practical Life Science February 2015:

The SBA Budget for FY 2016 United States. Congress. House. Committee on Small Business, 2015 **Dollars for Life**
Mary Ziegler, 2022-06-21 A new understanding of the slow drift to extremes in American politics that shows how the antiabortion movement remade the Republican Party A sober knowledgeable scholarly analysis of a timely issue Kirkus Reviews As Mary Ziegler shows us in this incisive and important book anti abortion activists have shaped the GOP in ways that even they could not have anticipated Everyone interested in the past and future of American politics should read this book Laura Kalman University of California Santa Barbara The modern Republican Party is the party of conservative Christianity and big business two things so closely identified with the contemporary GOP that we hardly notice the strangeness of the pairing Legal historian Mary Ziegler traces how the anti abortion movement helped to forge and later upend this alliance Beginning with the Supreme Court s landmark decision in Buckley v Valeo right to lifers fought to gain power in the GOP by changing how campaign spending and the First Amendment work The anti abortion movement helped to revolutionize the rules of money in U S politics and persuaded conservative voters to fixate on the federal courts Ultimately the campaign finance landscape that abortion foes created fueled the GOP s embrace of populism and the rise of Donald Trump Ziegler offers a surprising new view of the slow drift to extremes in American politics and explains how it had everything to do with the strange intersection of right to life politics and campaign spending **Fundamentals of Human Resource Management** Mary Gowan, 2021-01-15 Fundamentals of Human Resource Management for Competitive Advantage delves into the essential principles and practices of human resource management with a focus on gaining a competitive edge in the modern business landscape A wide variety of learning tools in each chapter keeps students engaged and helps them bridge the gap between theoretical concepts and real world applications *More Than Pretty Boxes* Carrie M. Lane, 2024-11-21 This study of organizing and decluttering professionals helps us understand and perhaps alleviate the overwhelming demands society places on our time and energy For a widely dreaded often mundane task organizing one s possessions has taken a surprising hold on our cultural imagination Today those with the means can hire professionals to help sort and declutter their homes In *More Than Pretty Boxes* Carrie M Lane introduces us to this world of professional organizers and offers new insight into the domains of work and home which are forever entangled especially for women The female dominated organizing profession didn t have a name until the 1980s but it is now the subject of countless reality shows podcasts and magazines Lane draws on interviews with organizers including many of the field s founders to trace the profession s history and uncover its enduring appeal to those seeking meaningful flexible self directed work Taking readers behind the scenes of real life organizing sessions *More Than Pretty Boxes* details the strategies organizers use to help people part with their belongings and it also explores the intimate empathetic relationships that can form between clients and organizers But perhaps most importantly *More Than Pretty Boxes* helps us think through an interconnected set of questions

around neoliberal work arrangements overconsumption emotional connection and the deeply gendered nature of paid and unpaid work Ultimately Lane situates organizing at the center of contemporary conversations around how work isn't working anymore and makes a case for organizing's radical potential to push back against the overwhelming demands of work and the home too often placed on women's shoulders Organizers aren't the sole answer to this crisis but their work can help us better understand both the nature of the problem and the sorts of solace support and solutions that might help ease it

Abandoned Families Kristin S. Seefeldt,Kristin Seefeldt,2016-12-25 Choosing whom to marry involves more than emotion as racial politics cultural mores and local demographics all shape romantic choices In Marriage Vows and Racial Choices sociologist Jessica Vasquez Tokos explores the decisions of Latinos who marry either within or outside of their racial and ethnic groups Drawing from in depth interviews with nearly 50 couples she examines their marital choices and how these unions influence their identities as Americans Vasquez Tokos finds that their experiences in childhood adolescence and young adulthood shape their perceptions of race which in turn influence their romantic expectations Most Latinos marry other Latinos but those who intermarry tend to marry whites She finds that some Latina women who had domineering fathers assumed that most Latino men shared this trait and gravitated toward white men who differed from their fathers Other Latina respondents who married white men fused ideas of race and class and perceived whites as higher status and considered themselves to be marrying up Latinos who married non Latino minorities African Americans Asian Americans and Native Americans often sought out non white partners because they shared similar experiences of racial marginalization Latinos who married Latinos of a different national origin expressed a desire for shared cultural commonalities with their partners but like those who married whites often associated their own national origin groups with oppressive gender roles Vasquez Tokos also investigates how racial and cultural identities are maintained or altered for the respondents children Within Latino white marriages biculturalism in contrast with Latinos adopting a white American identity is likely to emerge For instance white women who married Latino men often embraced aspects of Latino culture and passed it along to their children Yet for these children upholding Latino cultural ties depended on their proximity to other Latinos particularly extended family members Both location and family relationships shape how parents and children from interracial families understand themselves culturally As interracial marriages become more common Marriage Vows and Racial Choices shows how race gender and class influence our marital choices and personal lives
