Eller,Sheila A. Eller,2016-04-11 Discover strategies and tools for new teacher success In this user friendly guide the authors draw from best practice and their extensive experience to identify the necessary skills and characteristics to thrive as a new educator Explore the six critical areas related to teaching that most impact new teachers and their students from implementing effective assessments to working confidently and effectively with colleagues *Re-Envisioning Education* Rajni Shankar-Brown,2022-09-01 With increasing diversity and widening disparities in the United States and globally there are significant challenges and opportunities throughout the educational landscape Today s educational stakeholders particularly public school administrators and teachers must re envision education and collectively build equity centered systems structures and practices Confronting systemic inequality in education can be a daunting task but it is nonetheless imperative Connecting theory to practice this book aims to promote inclusive educational excellence and will offer valuable insights and inspiration to a wide range of educational stakeholders Affirming diversity and advancing social justice requires dismantling oppressive customs and structures inside and outside of the classroom fostering an equitable school culture building inclusive learning environments and increasing collective efficacy through best practice Creating healthier schools and communities requires authentically investing in and supporting historically and socially marginalized students and families Rooted in social justice and weaving together diverse voices from the field of education this edited volume will examine equity focused pre K 12 pedagogical practices and showcase high impact initiatives Educators play a vital role in ensuring positive student outcomes and success but often report feeling inadequately prepared for current challenges Unfortunately growing challenges are contributing to turnover rates and shortages as well as perpetuating social inequities among pre K 12 students instead of dismantling them A research study by the National Association of Secondary School Principals NASSP and the Learning Policy Institute LPI reveals that public schools with higher percentages of low income students and students of color are more likely to experience administrative and teacher turnover which compounds equity issues affecting already vulnerable students This edited volume will provide educational stakeholders i e school

administrators teachers service providers parents guardians nonprofit leaders community members with a deeper understanding of pedagogical practices that affirm diversity and promote social justice while offering a current view of educational inequalities juxtaposed with an urgent call to action School districts across the United States must recognize inequalities and provide increasingly diverse students with needed support and resources particularly as social disparities continue to widen and adversely impact millions of students Through a collection of diverse voices from the field of education university educators pre K 12 district leaders schools administrators and teachers Nonprofit leaders serving children and youth this book will illuminate current social inequalities impacting pre K 16 students establish the need to affirm diversity and advance social justice share practical examples of transformative initiatives including mindful school family community partnerships feature evidence based pedagogical practices and provide an array of helpful resources for 21st century educational stakeholders

Call to Teacher Leadership Sally J. Zepeda, R. Stewart Mayers, Brad Benson, 2013-09-27 The Call to Teacher Leadership demonstrates the many ways teachers can be leaders without having to opt out of the classroom full time It examines formal leadership positions instructional coordinators lead teachers department chairs etc as well as informal leadership roles nurturing colleagues supporting the instructional program participating in decision making etc With practical examples and case studies this book provides details about how teachers have participated in the leadership of their schools and districts Examples come from elementary middle and high schools across the country

Schooling for Sustainable Development in Canada and the United States Rosalyn McKeown, Victor Nolet, 2012-07-26 Education for sustainable development ESD presents an intriguing challenge in developed countries The very notion of sustainable development may appear to be at cross purposes with the social and political aims of large industrial economies Yet arguably the residents of wealthy countries may be most in need of new ways of thinking and behaving on an increasingly more fragile and crowded planet This book presents a collection of essays that capture the depth and diversity of education for sustainable development ESD work in formal education in Canada and the United States Many of the authors are pioneers in the field of ESD not only in their own countries but internationally In this book they share their expertise lessons learned and insights into the ongoing success of their work The essays reflect leading edge practice innovation and depth of experience and provide clear models and strategies for expanding the application and influence of ESD in wealthy countries The ESD programs described in the book are relevant and culturally appropriate for the specific locally contexts in which they are found but also in the larger context of ESD writ large as a planetary endeavour

Girls, Gender and Physical Education Kimberly L. Oliver, David Kirk, 2015-07-24 In this powerfully argued and progressive study Kimberly Oliver and David Kirk call for a radical reconstruction of the teaching of physical education for girls Despite forty years of theorization and practical intervention girls are still disengaging from physical education dropping out of physical activity and suffering negative consequences in terms of their health and well being as a result This book challenges the conventional narrative

that girls are somehow to blame for this disengagement and instead identifies important new ways of working with girls developing a new pedagogical model for girl friendly physical education The book locates our understanding of the experiences of girls in physical education in the broader context of young people s multifaceted engagements with popular physical culture Adopting an activist perspective it outlines a programme of action informed by principled pragmatism and based on four critical elements student centred pedagogy critical study of embodiment inquiry based physical education centred in action and listening and responding to girls over time It explores the implications of this new thinking for teaching research PETE and policy and outlines a future agenda for work in this area Offering a profound theoretical critique of contemporary research and practice as well as a new programme of action *Girls Gender and Physical Education* is essential reading for all researchers advanced students and practitioners with an interest in the issues of gender equity and inclusion in physical education

FireWorks Curriculum Jane Kapler Smith, Nancy E. McMurray, 2000 General Technical Report RMRS, 1998 Leadership of Afterschool and Supplemental Education Hazel M. Carter, 2022-07-22 This book explores the design and implementation of effective supplementary education programs that best prepare students for post secondary life Drawing from research and best practice in the fields of supplementary and afterschool education youth development and school college community partnerships this book outlines a balanced approach to viewing supplementary education and community based programs which when designed alongside classroom learning can meet the needs of underserved youth This book challenges aspiring educational leaders to confront the traditional approach to curriculum as the sole purview of the classroom and instead positions supplementary education as a tool to improve schools and student success Chapters discuss designing implementing and sustaining supplementary education programs that positively impact the social emotional and academic development of secondary school students as well as effective strategies for developing stronger connections with the community This text is designed for use in graduate preparation programs in educational leadership and includes pedagogical features such as learning objectives reflective exercises portfolio building activities and alignment to educational leadership standards
