If You Knew Suzy Jane Fischer, Carol Ann Ross, 2024-09-03. Do not go where the path may lead; go instead where there is no path and leave a trail. Ralph Waldo Emerson. Born with severe brain defects, Suzy was sentenced to a life of nevers. With the unwavering support of her mother Jane and extended family, Suzy's miraculous journey has given many experts reason to question the medical textbooks that have been written. From predictions that she would never walk, talk, or function in society, Suzy overcame all these obstacles with determination and perseverance, not even allowing final-stage renal failure at the age of twenty-four to deter her. This book is not just a tribute to Suzy but a roadmap for all parents experiencing the challenges of raising a child with disabilities and/or medical issues. Never a victim, Suzy proceeded through infant stimulation studies in public and specialized schools and summer programs geared to the disabled community. Her achievements include winning medals during the Tournament of Champions, performing in a dance recital celebrating a Bat Mitzvah, living independently, and holding a position as a classroom assistant for the past twenty-three years. Her joy of life to this day offers us hope while showing us that giving up is not a choice. While her IQ score identifies Suzy with severe intellectual disabilities, she never ceases to show kindness, empathy, selflessness, and compassion for others. Told with the hope that other parents will learn from her successes and failures, this is also a story of the power of perseverance, courage, and love.
