*Conflict and Agreement in the Church, Volume 1* Jean Rilliet, 2023-11-30 T F Torrance s Conflict and Agreement in the Church gathers together his most influential essays and articles on topics relating to ecumenism Himself involved heavily in the ecumenical movement he wrote that ours

must be the task of learning together again how to confess like the early Church faith in Jesus Christ as Saviour and God in all its breadth and length and height and depth and therefore in the overflowing love of God Out of this conviction grew a comprehensive doctrine of the Church in which our differences are lost sight of because they are destroyed from behind by a masterful faith in the Saviour of men In the first volume Torrance presents a set of essays engaging theologically with different denominations along with responses to particular problems facing the ecumenical project In particular writing after the third world conference on faith and order he addresses the hopes and barriers it raised to closer ecumenical relations Throughout Torrance s acute awareness of contrasting theological principles establishes a firm basis for further progress without obscuring the doctrinal and ecclesiological differences that remain In the second volume Torrance s thought on inter denominational cooperation in light of the Church s mission is presented He begins by suggesting that the lines of conflict and agreement in the Church coincide less and less with the frontiers of the historic communions This opens the door for greater union between those communion but also exposes significant challenges to unity within them Addressing the major debates on the sacraments of baptism and the Eucharist along with the priesthood and biblical exegesis Torrance proposes a constructive way forward sealed by reconciliation in the Body and Blood of Christ

**Righteousness, Volume 1** Jeffrey J. Niehaus, 2023-10-11 The first volume of this three volume work reviews the history of efforts to define biblical righteousness Modern views are engaged and critiqued from the seminal article 1860 by Ludwig Diestel God s righteousness as the agreement of his will and purpose to others in the theological stream known as the New Perspective Scholars discussed include Walther Eichrodt Gerhard von Rad Elizabeth Achtemeier James D G Dunn and N T Wright Other perspectives are also engaged including H H Schmid s definition of righteousness as conformity to the created order Weltordnung John Piper s view that God s righteousness is God s concern for his own glory and the traditional view championed by C L Irons that God s righteousness is his iustitia distributiva The author examines these views all of which have been supported by inductive studies in light of a proposed alternative that righteousness is conformity to God s Being and doing That definition will be explored further in Volumes II OT and III NT Unlike previous studies the present work proceeds deductively and experimentally and thereby seeks to avoid the pitfalls of a dogmatic approach Extra biblical patristic medieval and reformation views of righteousness are also considered as background to the modern study of righteousness

engaging theologically with different denominations along with responses to particular problems facing the ecumenical project In particular writing after the third world conference on faith and order he addresses the hopes and barriers it raised to closer ecumenical relations Throughout Torrance s acute awareness of contrasting theological principles establishes a firm basis for further progress without obscuring the doctrinal and ecclesiological differences that remain **The NKJV Study Bible** Thomas Nelson,2008
