Myers, 2010-07-08 Exploring Psychology Eighth Edition in Modules is the modular version of the 1 bestselling brief introduction to psychology David Myers's Exploring Psychology All the Myers hallmarks are here the captivating writing coverage based on the latest research helpful pedagogical support in a format that delivers the utmost in student accessibility and teaching flexibility *Psychology in Modules* David G. Myers, C. Nathan DeWall, 2015-01-12 In this version of Psychology Twelfth Edition David Myers and Nathan DeWall break down the new edition's 16 chapters into 53 modules assignable in any sequence and brief enough to be read in one sitting It's a format favored by a wide range of students and instructors one that's supported by substantial research showing that students working with shorter reading assignments develop a deeper understanding of the material The new edition of Modules includes the same new features and content of Psychology Twelfth Edition including hundreds of new citations and new infographics And like Psychology Twelfth Edition is more than ever a fully integrated text media learning package with the modular edition's LaunchPad now featuring dozens of new Concept Practice activities **Exploring Psychology (Paper)** David G. Myers, 2012-11-02 The new ninth edition merges the rigor of science with a broad human perspective to provide a state of the art introduction to psychology

From vivid presentation and intense attention to detail to research based study aids and media learning tools the inviting authorial voice of David Myers speaks to the life experiences of all students **Exploring Psychology, Sixth Edition in Modules (Spiral)** David G. Myers,2004-12-20 **Psychology In Modules** David G. Myers,2009-09-28 This version of the main text breaks down the chapters into shorter modules for more accessibility The smaller chunks allow students to better grasp and explore psychological concepts The modules also allow more flexibility in teaching as cross references to other chapters have been replaced with brief explanations Exploring Psychology in Modules David G. Myers,C. Nathan DeWall,2018-10-12 Do you want your students to engage with and retain psychology s key principles and to work toward becoming better students and better people in the process The modular version of the best selling Exploring Psychology offers creative ways to help make it happen The new edition of Exploring Psychology in Modules offers outstanding currency on the research practice and teaching of psychology Myers and DeWall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice Their presentation is based on the same guiding principles that made David Myers the world s bestselling introductory psychology author Facilitate learning by teaching critical thinking and helping students at every step Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts Make sure students come away with an appreciation of psychologys big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us

Scientific American Explores the Hidden Mind Scientific American,2002-05-15 Free when packaged with any Worth text This special collector s edition features articles that reveal the mysterious inner workings of mind and brain Psychology In Modules (Spiral) David G. Myers,2009-09-28 Why Myers David Myers has become the world s best selling introductory psychology author by serving the needs of instructors and students so well Each Myers textbook offers an impeccable combination of up to date research well crafted pedagogy and effective media and supplements Most of all each Myers text demonstrates why this author s style works so well for students with his signature compassionate companionable voice and superb judgment about how to communicate the science of psychology and its human impact Why Modules This modules based version of Myers best selling full length text Psychology breaking down that book s 16 chapters into 59 short modules is yet another example of the author s ability to understand what works in the classroom It comes from Myers experiences with students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters and with instructors who appreciate the flexibility offered by the modular format Modular organization presents material in smaller segments Students can easily read any module in a single sitting Self standing modules Instructors can assign modules in their own preferred order The modules make no assumptions about what students have previously read Illustrations and key terms are repeated as needed This modular organization of short stand alone text units enhances teacher flexibility Instead of assigning the entire Sensation and Perception chapter instructors can assign the module on vision the module on hearing and or the
