best Bible Because of the myriad of Bible translations Christians have wondered which one is best This question has become especially controversial because the publisher of the most popular translation in the world the NIV decided to create a gender inclusive text Against much popular opinion we defend the following Dynamic thought for thought translations NIV NLT are superior to more literal word for word translations NASB ESV More literal Bible translations often fail in a critical part of accurate translation producing good contemporary English The criticisms against dynamic Bible translations are either exaggerations errors and or even slanderous against the word of God Gender inclusive language is an improvement in most cases We also provide a chapter offering some suggestions and commentary regarding the best tools for studying and interpreting Scripture
