Conversational Portuguese Quick and Easy Yatir Nitzany, 2019-01-07 Have you always wanted to learn how to speak Portuguese but simply didn t have the time Well if so then look no further You can hold in your hands one of the most advanced and revolutionary method that was ever designed for quickly becoming conversational in a language In creating this time saving program master linguist Yatir Nitzany spent years examining the twenty seven most common languages in the world and distilling from them the three hundred and fifty words that are most likely to be used in real conversations These three hundred and fifty words were chosen in such a way that they were structurally interrelated and when combined form sentences Through various other discoveries about how real conversations work discoveries that are detailed further in this book Nitzany created the

necessary tools for linking these words together in a specific way so that you may become rapidly and almost effortlessly conversant now If your desire is to learn complicated grammatical rules or to speak perfectly proper and precise Portuguese this book is not for you However if you need to actually hold a conversation while on a trip to Brazil or Portugal to impress that certain someone or to be able to speak with your grandfather or grandmother as soon as possible then the Nitzany Method is what you have been looking for This method is designed for fluency in a foreign language while communicating in the present tense Nitzany believes that what's most important is actually being able to understand and be understood by another human being right away More formalized training in grammar rules etc can come later This isn't a pronunciation book Thus this book is recommended for those with prior knowledge in pronunciation of the Portuguese language However for those who aren't previously familiar this book does provide some basic tools to teach pronunciation The main thing this book offers is the necessary tools to become conversational in a foreign language in record time As previously stated though with regards to grammar and pronunciation you are on your own This is one of the several in a series of instructional language guides the Nitzany Method's revolutionary approach is the only one in the world that uses its unique language technology to actually enable you to speak and understand native speakers in the shortest amount of time possible No more depending on volumes of books of fundamental beginner intermediate and advanced levels all with hundreds of pages in order to learn a language With Conversational Portuguese Quick and Easy all you need are fifty three pages Learn Portuguese today not tomorrow and get started now *Conversational Portuguese Quick and Easy - Part 2* Yatir Nitzany, 2020-06-25 Have you always wanted to learn how to speak Portuguese but simply didn't have the time If so then look no further You can hold in your hands one of the most advanced and revolutionary methods ever designed for quickly becoming conversational in a language If your heart has been set on learning Portuguese then the Conversational Portuguese Quick and Easy series is the ideal way to learn quickly and comprehensively The aim is to get you talking to those around you as quickly as possible The three books in the series work together In Part 1 you learn the core set of words three hundred and fifty of them and then in Part 2 you learn the sentences that you need to supplement the core words In Part 3 your set of sentences is expanded to increase the topics you can talk about This set of language tools is all you need to master the language to even greater proficiency and quicker than with other courses If your previous attempts at learning Portuguese have failed then this series will restore your sense of hope and success The trick is in identifying which topics are useful and gathering just the right sentences and words The author draws on his own experiences in learning other languages which brought him to discover this unique method In Part 2 you are presented with a wide range of topics for learning conversational languages and this helps you get involved with greater possibilities for engaging in conversation This method helps students learn faster and easier It is a flawless method that has proven itself time and time again If you decide to travel to Brazil then this book will help you speak the Portuguese language This method has worked for the author and surpasses

any other conversational language learning method system currently on the market today By including social issues such as travel common themes such as food daily activities like eating and essential practices like shopping it will help you to engage with more people who speak the language you are learning Don't wait to travel Learn Portuguese using this new method and set yourself free to explore the world **A Dictionary of the English and Portuguese Languages** Antonio Vieyra, 1860

**The Syntax of Spoken Brazilian Portuguese** Earl W. Thomas, 1969 Increased personal contact among people of all parts of the world has underscored the inadequacy of traditional language study to meet contemporary communications needs Linguistic science in recent years has responded to this breakdown of communications by emphasizing spoken versus literary language in the teaching of foreign languages Very real differences do exist between what is spoken and what is written in virtually every language In Brazilian Portuguese especially the gulf between the two is wide In many cases the most cultured Brazilian is unable to comprehend with ease Brazilian literature written only fifty years ago **THE SYNTAX OF SPOKEN BRAZILIAN PORTUGUESE** is the first thorough analysis of the spoken language of contemporary Brazil in English for students and teachers of the language Useful as a text in advanced language courses the work is intended primarily for reference and as a research aid to future authors of Portuguese language textbooks [Short stories in Portuguese with English translations](#) lingoXpress, 2023-10-01 This collection of short stories was carefully designed for pre intermediate students and beyond Each story is presented in English as well as in your target language allowing you to explore the nuances of linguistic expression while experiencing the thrill of captivating narratives But here's the twist these translations are not your typical textbook fare They have been artfully adapted to ensure context and entertainment in turn what this means is that you won't find word by word translations instead you will find adaptations We believe that language is more than just words it's a gateway to culture emotion and connection these translations reflect this belief allowing you to experience the language in all its beauty and complexity Titles include The Mice and the Weasels Invictus Alone Sonnet XVIII The Raven The Terrible Old Man The Feast of Nemesis The Emperor's New Clothes A Transgression An Evening Guest A Poison Tree The School There are short stories and long stories easy to read stories and complex ones that will require your undivided attention and teach you more complex grammatical structures This means the book has something for everyone
