Congress. Senate. Select Committee on Secret Military Assistance to Iran and the Nicaraguan Opposition,1987 Report of the Congressional Committee Investigating the Iran-Contra Affair ,1988 **The Encarta Book of Quotations** Bill Swainson,2000-09-30 Here are 25 000 quotations drawn from the history politics literature religions science and popular culture of the world ranging from the earliest Chinese sages through Shakespeare to the present day **Forensic Practitioner's Guide to the Interpretation of Complex DNA Profiles** Peter Gill,Øyvind Bleka,Oskar Hansson,Corina Benschop,Hinda Haned,2020-06-10 Over the past twenty years there s been a gradual shift in the way forensic scientists approach the evaluation of DNA profiling evidence that is taken to court Many laboratories are now adopting probabilistic genotyping to interpret complex DNA mixtures However current practice is very diverse where a whole range of technologies are used to interpret DNA profiles and the software approaches advocated are commonly used

throughout the world Forensic Practitioner s Guide to the Interpretation of Complex DNA Profiles places the main concepts of DNA profiling into context and fills a niche that is unoccupied in current literature The book begins with an introduction to basic forensic genetics covering a brief historical description of the development and harmonization of STR markers and national DNA databases The laws of statistics are described along with the likelihood ratio based on Hardy Weinberg equilibrium and alternative models considering sub structuring and relatedness The historical development of low template mixture analysis theory and practice is also described so the reader has a full understanding of rationale and progression Evaluation of evidence and statement writing is described in detail along with common pitfalls and their avoidance The authors have been at the forefront of the revolution having made substantial contributions to theory and practice over the past two decades All methods described are open source and freely available supported by sets of test data and links to web sites with further information This book is written primarily for the biologist with little or no statistical training However sufficient information will also be provided for the experienced statistician Consequently the book appeals to a diverse audience Covers short tandem repeat STR analysis including database searching and massive parallel sequencing both STRs and SNPs Encourages dissemination and understanding of probabilistic genotyping by including practical examples of varying complexity Written by authors intimately involved with software development training at international workshops and reporting cases worldwide using the methods described in this book

My Little Book of Quotes and Poems and the Scriptures that Inspired Them D. Edward Osborn,2022-12-30 This book is made up of many quotes that I thought up mostly while I was doing time in prison after I found Jesus Christ as my Lord and Savior The same goes for the poems and the short writings You will notice that the chapter headings are the nine fruits of the spirits that are listed in Galatians 5 16 26 The holy scriptures tell us that we must build our faith in God Almighty and Jesus Christ I hope through reading these quotes and short messages that the person reading this will increase their faith or come to find that Jesus Christ and God Almighty are real

Alison Smith,2018-08-21 A guide to using the metaphorical language of a stuck situation to discover the solution Shares an easy fun process of exploring well known sayings as a means to identify new solutions and get unstuck in life and work Explains how to bring clarity to a problem highlight alternative perspectives bypass any conscious resistance to finding a solution and allow solutions to emerge organically from within ourselves Details the author s Landscaping Your Life method which has been used successfully in business strategy development team development project problem resolution and in one to one coaching If you can t see the wood for the trees feel like a fish out of water or are going around in circles we ve got good news for you that saying is also a clue to where you ll find the solution Yes you read right you can use the language you re using to describe the stuck situation to discover the solution It s not even

the language as much as the landscape contained within your description of the situation that can give you pointers As Alison Smith explains If a picture paints a thousand words then a metaphor paints a thousand pictures In other words the metaphor in the saying you re using will provide a million words that will undoubtedly have the solution contained within them That s what this book is all about taking these sayings that you re using to describe being stuck and using them to get unstuck again The language you apply provides clues to how you perceive the current situation Subconsciously you know the solution Exploring the metaphors contained within your language allows your subconscious to communicate to your conscious awareness more easily The metaphor reduces resistance and the barriers we put up to change It s as if we enjoy exploring the metaphor and forget what it means in reality and before we know it we have a metaphorical solution that we cannot help but translate into real life Offering an effective easy process based on the power of metaphors Alison Smith introduces her Landscaping Your Life method as a means to bring clarity to a problem highlight alternative perspectives and allow solutions to emerge organically from within ourselves
