STJ Heron,2022-05-04 What stake do we as Foundational Black Americans really have to claim in the history of this country this continent and the world if any When you think of Foundational Black Americans formerly misnomered as African Americans Negroes Coloreds Black what thought comes to mind and what accomplishments are we known for Were we slaves brought to this country by force low class citizens of a foreign nation with no home to call their own Or is there more to the story so much more that even the mere mention of our accolades would discredit the history of the masses What if I were to tell you that our history in this country from the perspective that everything we have been taught is but a half truth Who built the buildings roads and monuments in this country Where did those people come from and where did they go Where did the many science technology and artforms of the country and the world develop What is the hidden history behind what we are taught but most importantly why is this knowledge kept from us This book will capture

some of the lesser known accomplishments and esoteric information that has been passed down word of mouth by some and systematically discredited by others Fortunately true knowledge can neither cease nor desist and this text will show what you can do to utilize that information today It is time that we take our own history by the rungs away from those who would paint an inaccurate picture of our past This will allow us to re introduce ourselves not for exposure and clout but for self vindication and reasonable doubt
