Words and Music By
ROBERT W. PARISS

In a funky 4

The musical score is written for piano and voice. It begins with a piano introduction in 4/4 time, featuring a rhythmic bass line and a treble line with eighth notes. The first system includes a guitar chord diagram for a barre on the 5th fret. The lyrics are as follows:

Once I was a boog-ey-ing - er
 tried to an - der - stand this
 find it was a I was - y

play - ing in a rock and roll band,
 thought that they was out of their minds
 chang - ing rock and roll - ing minds.

I never had no problems
 How could I be so fool - ish
 Things start - ed get - ting shak - y,

yeah, ...

horns in down the one right stands
 to not see I was this one he - hind Then
 I thought I'd have to leave it he - hind No

Musicians and Music Teachers Elizabeth C. Axford, 2015-02-19 In today's digital age learning and creating music has never been so easy and affordable. Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore. Having spent countless hours researching the most interesting, useful, educational, fun, and easy to use music apps, Elizabeth C. Axford, in *Music Apps for Musicians and Music Teachers*, surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. *Music Apps for Musicians and Music Teachers* lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history, and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book's sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. Suggested activities for educators are provided, as well as key terms and a bibliography. *Music Apps for Musicians and Music Teachers* is for anyone interested in music, whether hobbyist or professional. It enhances the ability to learn on the go by offering musicians, music students, and music instructors a list of the most useful music apps available.

Learning to Teach Music in the Secondary School Carolyn Cooke, Keith Evans, Chris Philpott, Gary Spruce, 2016-04-21 This 3rd edition of *Learning to Teach Music in the Secondary School* has been thoroughly revised to take account of the latest initiatives, research, and scholarship in the field of music education and the most recent changes to the curriculum. By focusing on overarching principles, it aims to develop reflective practitioners who will creatively and critically examine their own and others' ideas about music education and the ways in which children learn music. Providing an overview of contemporary issues in music teaching and learning from a range of perspectives, the book focuses on teaching music musically and enables the reader to place music education in its historical and social context, consider the nature of musical knowledge, and how teachers can facilitate their students to learn musically, critically analyse the frameworks within which music teachers work, develop an understanding of composing, performing, and responding to music, as well as key issues such as creativity, individual needs, and assessment, examine aspects of music beyond the classroom, and how effective links can be made between curriculum music and music outside of school. Including a range of case studies, tasks, and reflections to help student teachers integrate the theory and practice of music education effectively, this new edition will provide invaluable support, guidance, and challenges for teachers at all stages of their careers, as well as being a useful resource for teacher educators in a wide range of settings.
