Play: Psychoanalytic Perspectives, Survival and

Human Development Emilia Perroni, 2013-08-15 Is play only a children's activity? How is the spontaneous play of adults expressed? What is the difference between play and game? What function does play have during war? *Play: Psychoanalytic Perspectives, Survival and Human Development* explores the importance of play in the life of the individual and in society. Most people associate psychoanalysis with hidden and negative instincts like sexuality and aggressiveness, very seldom with positive urges like the importance of love and empathy, and almost never with play. Play, which occupies a special place in our mental life, is not merely a children's activity. Both in children and adults, the lack of play or the incapacity to play almost always has a traumatic cause. This book also shows the crucial importance of play in relation to the survival in warfare and during traumatic times. In this book, Emilia Perroni argues that whether we regard play as a spontaneous creation or whether we see it as an enjoyable activity with defined rules, a game that it is impossible to conceive human existence and civilization without it. The papers collected in this book are the results of the research offered on the subject of play by several Israeli therapists from different psychoanalytic schools: Freudian, Jungian, Kleinian, Winnicottian, and Self Psychology. Other contributions are from Israeli researchers and academics from various fields such as literature, music, art, theatre, and cinema. *Play: Psychoanalytic Perspectives, Survival and Human Development* offers new ways to think about and understand play as a search for meaning and as a way of becoming oneself. This book will be of interest to psychoanalysts, researchers, therapists, parents, teachers, and students who are interested in the application of psychoanalytic theory to their fields, including students of cultural studies, art, music, philosophy. Emilia Perroni is a clinical psychologist, supervisor at the School of Psychoanalytic Psychotherapy at the University of Tel Aviv and the Bar Ilan University. She has a private practice in Jerusalem and in Tel Aviv. She is a member of the Israeli Association of Psychoanalytic Psychotherapy, the Israeli Association of Psychotherapy, she is an Associated Member of the Israeli Institute of Jungian Psychology, and Research Fellow at the Van Leer Institute in Jerusalem.

Plays Luigi Pirandello, 1998 Luigi Pirandello is best known for his ability to create farcical tragedies that pit reality against appearance in such a way that objective truth is never revealed. Time magazine called Pirandello's work a fascinating precursor of the entire theater of the absurd, the anguish over existence in Sartre and Camus, the guerilla warfare against ossified language and the mass mind in Ionesco, the bleak, alienated vision of Beckett, the sense of man eternally acting a role in Genet, and the use of the stage as a self-contained universe in Pinter. In new translations by acclaimed playwright and translator Eric Bentley, these versions of four of Pirandello's most celebrated plays, *Six Characters in Search of an Author*, *Emperor Henry*, *The Man with the Flower in His Mouth*, and *Right You Are*, are considered to be the standards for American productions. They capture the playwright's unique voice with remarkable precision while at the same time attending to the rigors of the American stage.
