

Daddy

I cannot wait yet ONE more day
to see your smiling face

TO HAVE YOU HOLD ME ON YOUR CHEST
and feel your warm embrace

TO HOLD MY TINY BABY HANDS
and **KISS** me on my cheek

TO ROCK ME Gently IN YOUR ARMS
and watch me fall asleep

TO SING ME SILLY LULLABIES
and **jam** to rockin' toons

I CANNOT WAIT TO SEE YOU **DADDY**
I know the time is soon!

Poem To Daddy From Unborn Baby:

Sylvia Plath Gary Lane, 2019-12-01 Originally published in 1979 Sylvia Plath is one of the most controversial poets of our time For some readers she is the symbol of women oppressed For others she is the triumphant victim of her own intensity the poet pursuing sensation to the ultimate uncertainty death For still others she is a doomed innocent whose sensibilities were too acute for the coarseness of our world The new essays of this edited collection with a single exception all were written for this book broaden the perspective of Plath criticism by going beyond the images of Plath as a cult figure to discuss Plath the poet The contributors among them Calvin Bedient Hugh Kenner J D O Hara and Marjorie Perloff draw on material that most previous commentators lacked a substantial body of Plath's poetry and prose a moderately detailed biographical record and an important selection of the poet's correspondence The result is an important and provocative volume one in which major critics offer an abundance of insights into the poet's mind and creative process It offers insightful and original readings of many poems some like *Berck Plage* scarcely mentioned in previous criticism and fosters new understandings of such matters as Plath's comedy the development of her poetic voice and her relation to poetic traditions The serious reader whatever his or her initial opinion of Sylvia Plath is sure to find that opinion challenged changed or deepened These essays offer insights into a violently interesting poet one who despite or perhaps because of her suicide at age thirty continues to fascinate and trouble us

Out of the Cradle Endlessly Rocking Nephie Christodoulides, 2021-11-15 *Out of the Cradle Endlessly Rocking* delves deeply into the notion of motherhood in Sylvia Plath's work in order to redeem Plath from the one dimensional role assigned to her of the suicidal father obsessed poet Written from the theoretical perspective of Julia Kristeva's theory of subject formation the book focuses on Plath's baby poems in which mother figures are seen as subjects in process oscillating between authentication and non authentication in motherhood Furthermore since the mother is always a daughter part of the discussion centers on Plath's daughterhood poetry in which daughter figures are engaged in an endless struggle to release themselves from a suffocating maternal hold and achieve their own linguistic individuation Finally Plath's works for children *The Bed Book* *The It Doesn't Matter Suit* *Mrs Cherry's Kitchen* as well as her fairy tale poems largely ignored until now are read as manifestations of the self's regressive journey to once below a time to grasp an elusive pre symbolic organization and take signification back to infancy The book makes extensive use of Plath's drafts mainly of the *Ariel* poems her recycled materials annotated books from her personal library published and unpublished material from The Lilly Library Archive The Mortimer Rare Book Room and The Ted Hughes Archive in Emory
