INTRODUCTION NOTES

- The manual is divided into sections identified by two figure numbers and each section has independent numbering.
- The different sections can read or consult by consulting the table of contents in the following pages.
- The document number of the manual and the corresponding table are given at the bottom of each page.
- Pages numbered in the back of the identifier have the same document number followed by an additional digit that refers to the manual version (T5030000 - for pages T50300001 - the codes T50300002 - etc.). The additional digit identifies or supplements the pages of the document version for information necessary to the operator for safety or operating aspects, given in the last page of the update.
- The publication will be complete with an appropriate code.
- It is necessary to know the last update because this edition could have document number T5030000, the changes for the manual in comparison of the document version T5030000A included with all the updates for pages T50300001 - the pages T50300002 - etc.
- The information contained in the manual was compiled on the date printed on each section. An update will be made to the manual to reflect changes. Some information may be out of date and subsequent modifications implemented for technical or commercial reasons or in-line with requirements in different markets.
- In the event of conflicting information, consult the latest T5030000A table and service documents.

IMPORTANT WARNINGS

- All maintenance and repair work described in the manual should be performed exclusively by authorized personnel and must be carried out in strict accordance with the instructions given and using the specific tools necessary.
- Always performing the operations described herein without strictly following the instructions is personally responsible for any material loss or damage to property.
- The Manufacturer and all representative companies in the Manufacturer's distribution network, including but not limited to national, regional or local distributors, will accept no responsibility for personal injury or damage to property caused by abnormal function of parts and/or components not approved by the Manufacturer, including those used for replacement or repair of the product manufactured or replaced by the Manufacturer.
- In any case, the product manufactured or marketed by the Manufacturer's company is not guaranteed for any damage/personal injury or damage to property resulting from abnormal function of parts and/or components not approved by the Manufacturer.
