No Regrets Laurel Fulkerson,2013-06-20 No Regrets Remorse in Classical Antiquity is the first sustained study examining the circumstances under which the emotions of remorse and regret were manifested in Greek and Roman public life Despite a still common notion that remorse is a modern monotheistic emotion it argues that remorse did in fact exist in pre Christian antiquity By discussing the standard lexical denotations of remorse Fulkerson shows how its parameters were rather different from its modern counterpart Remorse in the ancient world was normally not expressed by high status individuals but by their inferiors notably women the young and subjects of tyrants nor was it

redemptive but often served to show defect of character Through a series of examples especially poetic historical and philosophical texts this book demonstrates this was so because of the very high value placed on consistency of character in the ancient world High status men in particular faced constant challenges to their position and maintaining at least the appearance of uniformity was essential to their successful functioning The redemptive aspects of remorse of learning from one's mistakes were thus nearly absent in the ancient world The works of Anatole France, in an English translation Anatole France,1926 **No Regrets** Rob Young,2012-05-17 A colourful collection of pieces on the enigmatic genius of Scott Walker from THE WIRE Scott Walker has travelled from teen idol to the outer limits of music From The Sun Ain't Gonna Shine Any More reaching No 1 through to recordings of meat being punched on his last album THE DRIFT he somehow seems to have reached a passionate and committed fan base Throughout his career his impeccable critical reputation as a serious and uncompromising musician has never been questioned The recent film 30TH CENTURY MAN had a litany of stars queuing up to praise Walker the likes of David Bowie Damon Albarn Jarvis Cocker Radiohead Johnny Marr and Sting But despite this in 40 years of music there has yet to be a serious book on Scott Walker This collection put together by Rob Young of THE WIRE magazine features a handful of previously published articles and newly commissioned pieces largely drawn from the orbit of THE WIRE's writers including Ian Penman Chris Bohn and Rob Young **No Regrets** Tabitha Webb,2020-08-04 This is a must read Amanda Holden No Regrets is a dazzling first novel Jilly Cooper I raced through it Daily Mail A super sexy romp The Sun Scandalously good fun Hello **TRANSLATION STUDIES** Dr. Suraj K. Sawant,2021-08-10 This introductory chapter explains the different translations theories in India and the world It also narrates the short history of translations in India and abroad Though it is difficult to define translation in specific words one can give various definitions to show the different ideas related to translations Oxford dictionary of English language defines translation as The action or process of into turning something from one language to another It is true that dictionary is not basically meant to define terms like translation Yet the dictionary has used the word something which needs to be explained here According to this definition anything from a simple word to a work of art can be covered under this term translation This covers a vast area and may mislead the basic concept of translation as we view it generally **The Japanese Filmography** Stuart Galbraith IV,1996-01-01 This encyclopedic reference work treats a near century's worth of Japanese films released in the United States in theaters or on video and the important actors directors producers and technical personnel involved in them For people each entry provides birth date education death when appropriate a brief biography and a filmography The movies are arranged by original U S release titles and include cast and production credits studio Japanese and U S distributor sound format running time in both the U S and Japanese versions release dates in both countries alternate titles and rating when appropriate of U S release *The Greatest Man of the Second Millennium* Patrick "Tatach" Eustache,2021-09-13 Professor Dessalines teaches a course on the Haitian Revolution at a US university in the African American Studies Department

Reopening the Opening of Japan Lewis Bremner,Manimporok Dotulong,Sho Konishi,2023-10-30 The Opening of Japan has been central to the retelling of Japan s modern history Reopening the Opening

of Japan fundamentally reconsiders what that historical moment entailed What did intensified connections between Japan and the world mean both inside and outside of the country and what does this tell us about Japan s historical significance on a global scale The chapters excavate a rich array of surprising cross border connections from the global trade in mummified mermaids to the Japanese Russian intellectual links underpinning the work of Akira Kurosawa Re thinking connectivity through non state transnational perspectives the book guides readers to new ways of doing and writing history Contributors are Lewis Bremner Natalia Doan Manimporok Dotulong Maki Fukuoka Eiko Honda Sho Konishi Mateja Kovacic Joel Littler Chinami Oka Yu Sakai Olga Solovieva and Warren Stanislaus Victorian Protestantism and Bloody Mary Peter

Wickins,2012 This is an important and interesting book on aspects of our religious heritage which until now have escaped the investigation of scholars History is all too often employed as a weapon for smiting the infidel So it was among religiously minded people in 19th century England By the beginning of the Victorian era after the somnolence of the 18th century religious enthusiasm among both clergy and laity in the established Church revived This brought about such acrimonious differences it was a wonder they could be accommodated in the same Church Provoked by a group of Oxford scholars who sought to show that the Church of England was neither Roman Catholic nor Protestant but a middle way between the two Protestant militants were aroused to demonstrate against and even disrupt church services of which they disapproved To remind English men and women of the glories of the Reformation they erected memorials in many towns to celebrate the heroic reputation of the martyrs who suffered in the reign of Bloody Mary Memorials required names and to find out who the victims were and where they met their end the memorial committees turned to the pages of John Foxe s Acts and Monuments of the Christian Martyrs better known as Foxe s Book of Martyrs A most effective work of propaganda in the days of religious warfare it was reprinted in new editions Now the target was no longer the Church of Rome but the Anglo Catholics or the alleged Romanisers A perplexing problem for the historian is what the Protestant martyrs actually believed It is clearly naive to suppose that they died for 19th century parliamentary democracy and liberties Foxe s criterion of Protestant martyrdom was hatred of Rome and in his anxiety to drum up the numbers he was reticent about or ignorant of the widely varying beliefs of his martyrs The assumption of the 19th century Protestants was that the English people rose as one to reject popery but it is impossible to accurately assess the support for state imposed religious change Surviving evidence as the preamble to wills seems to suggest that people for the most part simply acquiesced in what the government of the day decided was the true religion **Official Gazette of the United States Patent and Trademark Office** ,1994 A Theory of Regret Brian

Price,2017-10-25 Brian Price theorizes regret as an important political emotion that allows us to understand our convictions as habits of perception rather than as the signs of moral courage teaches us to give up our expectations of what might appear and prepares us to realize the steps toward changing institutions **The Toho Studios Story** Stuart Galbraith
