Playing Around Women And Infidelity:

Playing Around Linda Wolfe, 2014-09-30 Intimate explosive revelatory American women talk about having been unfaithful to their primary sexual partners Why did they cheat How and where did they manage to meet with their lovers Were the affairs more sexually satisfying than the women s primary relationships More emotionally satisfying Did they feel guilt Did they keep their affairs secret or admit them to partners or friends And whether confessed or not how did infidelity affect the women s lives Intimate and explosive Playing Around explores the pleasures and pains of female infidelity and illuminates women s participation in a behavior that is often viewed as predominantly male Women and Shakespeare's Cuckoldry

Plays Cristina León Alfar, 2017-02-10 How does a woman become a whore What are the discursive dynamics making a woman a whore And more importantly what are the discursive mechanics of unmaking In Women and Shakespeare's Cuckoldry Plays Shifting Narratives of Marital Betrayal Cristina Le n Alfar pursues these questions to tease out familiar cultural stories about female sexuality that recur in the form of a slander narrative throughout William Shakespeare s work She argues that the plays stage a structure of accusation and defense that unravels the authority of husbands to make and unmake wives While men s accusations are built on a foundation of political religious legal and domestic discourses about men s superiority to and rule over women whose weaker natures render them perpetually suspect women s bonds with other women animate defenses of virtue and obedience fidelity and love work loose the fabric of patrilineal power that undergirds masculine privileges in marriage and signify a discursive shift that constitutes the site of agency within a system of oppression that ought to prohibit such agency That women s agency in the early modern period must be tied to the formations of power that officially demand their subjection need not undermine their acts In what Alfar calls Shakespeare s cuckoldry plays women s rhetoric of defense is both subject to the discourse of sexual honor and finds a ground on which to shift it as women take control of and replace sexual slander with their own narratives of marital betrayal Reader's Guide to Women's Studies Eleanor

The Secret Life of the Cheating Wife Alicia M. Walker, 2017-10-24 Using a sample collected from Ashley Madison this book is the result of a yearlong inquiry into women s extramarital experiences Ultimately these women reject the binary proposition of marriage that assumes that either we work on our marriages and remain monogamous within them or we break up the relationship and take up other relationships These women conceive of an alternate solution to a marriage that is not wholly working where their own needs are ignored unmet and not prioritized Thus the women in this study are engaging in secret defiance of the expectations of marriage and primary partnerships This book gives voice to women s experiences and perceptions regarding their participation in infidelity and glimpses into the interworkings of our most intimate relationships and the ways women negotiate marriages that fall

short of their expectations Four Plays for Four Women Alice Gerstenberg,1924 How to Pick a Lover Wesley Ford,2009-12 While it may be considered taboo any woman married single or otherwise should feel good about her decision to take a lover How To Pick a Lover is a groundbreaking book written to help women have meaningful and rewarding love affairs How do you choose a lover There are no time honored rules Greek chorus or yenta to tell you what qualities to look for or how to avoid potential minefields Literature is ripe with cautionary tales about bad things that happen to good women who stoop to the folly of taking a lover And traditionally a woman s sexuality has been secondary to that of a man s How To Pick a Lover takes you on a journey of self discovery exploring your right to emotional and sexual fulfillment including the option of having a lover Many of your attitudes and beliefs about courting and being courted will be challenged throughout the pages of this book In return you will gain insights into the attributes and behaviors of men positive and negative that you must pay attention to if you are to pick a lover that is right for you Murder and the Reasonable Man Cynthia Lee,2007-10-01 A man murders his wife after she has admitted her infidelity another man kills an openly gay teammate after receiving a massage a third man white goes for a jog in a bad neighborhood carrying a pistol and shoots an African American teenager who had his hands in his pockets When brought before the criminal justice system all three men argue that they should be found not guilty the first two use the defense of provocation while the third argues he used his gun in self defense Drawing upon these and similar cases Cynthia Lee shows how two well established traditional criminal law defenses the doctrines of provocation and self defense enable majority culture defendants to justify their acts of violence While the reasonableness requirement inherent in both defenses is designed to allow community input and provide greater flexibility in legal decision making the requirement also allows majority culture defendants to rely on dominant social norms such as masculinity heterosexuality and race i e racial stereotypes to bolster their claims of reasonableness At the same time Lee examines other cases that demonstrate that the reasonableness requirement tends to exclude the perspectives of minorities such as heterosexual women gays and lesbians and persons of color Murder and the Reasonable Man not only shows how largely invisible social norms and beliefs influence the outcomes of certain criminal cases but goes further suggesting three tentative legal reforms to address problems of bias and undue leniency Ultimately Lee cautions that the true solution lies in a change in social attitudes Thinking and Seeing with Women in Revelation Lynn R. Huber,2013-09-12 Lynn R Huber argues that the visionary aspect of Revelation with its use of metaphorical thinking and language is the crux of the text s persuasive power Emerging from a context that employs imagery to promote imperial mythologies Revelation draws upon a long tradition of using feminine imagery as a tool of persuasion It does so even while shaping a community identity in contrast to the dominant culture and in exclusive relationship with the Lamb By drawing upon the work of medieval and modern visionaries Huber answers a call to examine the way real readers engage with biblical texts Revealing how Revelation continues to persuade audiences through appeals to the visual and provocative imagery she offers a new sense of how the text

metaphorical language simultaneously limits and invites new meaning unfurling a range of interpretations **Readings in Gender in Africa** Andrea Cornwall, 2005 This is a comprehensive overview on the existing literature on gender in Africa It covers areas such as Western perceptions colonial morality religion and politics *Girls Gone Mild* Wendy Shalit, 2007-06-26 At twenty three Wendy Shalit punctured conventional wisdom with *A Return to Modesty* arguing that our hope for true lasting love is not a problem to be fixed but rather a wonderful instinct that forms the basis for civilization Now in *Girls Gone Mild* the brilliantly outspoken author investigates an emerging new movement Despite nearly naked teen models posing seductively to sell us practically everything and the proliferation of homemade sex tapes as star making vehicles a youth led rebellion is already changing course In Seattle and Pittsburgh teenage girls protest against companies that sell sleazy clothing Online a nineteen year old describes her struggles with her mother who she feels is pressuring her to lose her virginity In a small town outside Philadelphia an eleventh grade girl upset over a dirty book read aloud in English class takes her case to the school board These are not your mother's rebels In an age where pornography is mainstream teen clothing seems stripper patented and experts recommend that we learn to be emotionally detached about sex a key and callously targeted audience girls is fed up Drawing on numerous studies and interviews Shalit makes the case that today's virulent bad girl mindset most truly oppresses young women Nowadays as even the youngest teenage girls feel the pressure to become cold sex sirens put their bodies on public display and suppress their feelings in order to feel accepted and temporarily loved many young women are realizing that friends with benefits are often anything but And as these girls speak for themselves we see that what is expected of them turns out to be very different from what is in their own hearts Shalit reveals how the media one's peers and even parents can undermine girls' quests for their authentic selves details the problems of sex without intimacy and explains what it means to break from the herd mentality and choose integrity over popularity Written with sincerity and upbeat humor *Girls Gone Mild* rescues the good girl from the realm of mythology and old manners guides to show that today's version is the real rebel She is not people pleasing or repressed she is simply reclaiming her individuality These empowering stories are sure to be an inspiration to teenagers and parents alike *Infidelity and Other Affairs* Kate Legge, 2023-02-28 One cannot fail to be entranced by Legge's bone deep strength and wisdom Annabel Crabb Unflinchingly investigating the value of monogamy and the true cost of betrayal Trent Dalton What do you do when your partner's infidelity upends your life When you have to face up to your own addictions Mental illnesses rain down on those you love Parents die careers end love is found in unexpected places As a journalist Kate Legge often sought answers to how people reckon with bad hands dealt or bad decisions Then came her own search when faced with her husband's affair that unearthed a fault line of unfaithfulness running through four generations of his family Is infidelity a predisposition or learned behaviour *Infidelity and Other Affairs* starts with this puzzle then contemplates life's curveballs as Legge strives to understand how we become who we are To her own surprise she finds strength and peace where revenge and hate were imagined *Discovering*
