The Lost Boys of Zeta Psi Laurie

A. Wilkie,2010 Laurie Wilkie is making an important statement about the culture of fraternities saving them from uncritical celebration on the one hand and the Animal House image on the other She has given us a fascinating case study in the value and importance of the archaeology of the recent past Matthew Johnson author of *Ideas of Landscape* A fresh look at fraternity life offering a nuanced view of its social benefits and shortcomings This is an insightful and innovative interdisciplinary contribution to the emergent field of contemporary archaeology as well as to masculinity studies Mary Beaudry author of *Findings The Material Culture of Needlework and Sewing* **The Sigma Chi Fraternity Manual and Directory** ,1910 *The Norman Shield* Sigma Chi Fraternity,1929 **True Gentlemen** John Hechinger,2017-09-26 An exclusive look inside the power and politics of college fraternities in America as they struggle to survive despite growing waves of criticism and outrage College fraternity culture has never been more embattled Once a mainstay of campus life fraternities are now subject to withering criticism for reinforcing white male privilege and undermining the lasting social and economic value of a college education No fraternity embodies this problem more than Sigma Alpha Epsilon a national organization with more than 15 000 undergraduate brothers spread over 230 chapters nationwide While SAE enrollment is still strong it has been pilloried for what John Hechinger calls the unholy trinity of fraternity life racism deadly drinking and misogyny Hazing rituals have killed ten undergraduates in its chapters since 2005 and in 2015 a video of a racist chant breaking out among its Oklahoma University members went viral That same year SAE was singled out by a documentary on campus rape *The Hunting Ground* Yet despite these problems and others SAE remains a large institution with strong ties to Wall Street and significant political reach In *True Gentlemen* Hechinger embarks on a deep investigation of SAE and fraternity culture generally exposing the vast gulf between its founding ideals and the realities of its impact on colleges and the world at large He shows how national fraternities are reacting to a slowly dawning new reality and asks what the rest of us should do about it Should we ban them outright or will they only be driven underground Can an institution this broken be saved With rare access and skillful storytelling Hechinger draws a fascinating and necessary portrait of an institution in deep need of reform and makes a case for how it can happen *The Pledge Manual of Alpha Epsilon Pi* Alpha Epsilon Pi,1965

Going Greek Marianne R.

Sanua,2018-02-05 A history of Jewish fraternities and sororities in the early twentieth century United States *Going Greek* offers an unprecedented look at the relationship between American Jewish students and fraternity life during its heyday in the first half of the twentieth century More than secret social clubs fraternities and sororities profoundly shaped the lives of members long after they left college often dictating choices in marriage as well as business alliances Widely viewed as a key

to success membership in these self governing sectarian organizations was desirable but not easily accessible especially to non Protestants and nonwhites In Going Greek Marianne Sanua examines the founding of Jewish fraternities in light of such topics as antisemitism the unique challenges faced by Jewish students on campuses across the United States responses to World War II and questions pertaining to assimilation and or identity reinforcement The Manual of the Alpha Tau Omega Fraternity Claude Trexler Reno,1929 Magazine of Sigma Chi ,1974 Vol 31 no 2 p 273 329 includes as supple Minutes of the Inter Fraternity Conference for 1911 **American Book Publishing Record Cumulative, 1876-1949** R.R.
