Direction & Quality of Light Neil van Niekerk, 2013-03-04 Providing readers with a study of learning how to turn poorly lit images into finely crafted masterfully lit photographs this guidebook instills photographers with the self confidence to think on their feet and photograph any portrait subject anywhere. Acclaimed photographer Neil van Niekerk presents seven distinctly different lighting scenarios available light exposure metering a touch of flash bounced on camera flash off camera flash video light and hard sunlight to show readers how to manipulate the direction and quality of light the subject's and photographer's position and numerous other variables so as to turn a bad image into a stunning professional level portrait. Packed with dozens of instructional full color photos this work also features 10 sample photo sessions allowing readers the opportunity to see the seven lighting scenarios put to practice.

Lighting Design for Commercial Portrait

Photography Jennifer Emery, 2015-05-18 Effective commercial portraiture is heavily reliant on clean crisp lighting looks that emphasize color contrast contours and texture to allow viewers of magazines newspapers television and movies to view a product or model celebrity in a precise and predetermined way that suits the overall marketing campaign and leaves viewers with a specific conscripted feeling about the product person being shown. Crafting this type of polished lighting requires absolute proficiency with the tools of the trade from flash to beauty lights to softboxes to gobos and gels. It also requires thinking outside the box to create lighting with a hook a certain quality that binds the look to the brand identity and can be carried out repeatedly across several advertising campaigns. Whether you are producing album cover art lingerie shoots for an intimates catalog or production stills for television shows or movies Jennifer Emery will give you the technical and creative skill set you need to thrive artistically work efficiently with models and set designers and win repeat clients. Beginning with essential strategies for finding and casting talent paying trading with that talent and creating an open dialogue throughout the directorial stages Jennifer builds a solid foundation from which the artistic concept can spring forth. In the following chapters she presents text and images that will instruct readers on creating numerous looks projects including 1 Beauty lighting for beauty cosmetics ads 2 High Key Lighting for a magazine cover shoot 3 Lighting groups for a movie TV poster 4 Sculpting light for boudoir lingerie swimsuit nude photograph 5 Working with speedlights flash for editorial fashion and lifestyle shoots and 6 Lighting exterior locations for high fashion and fashion editorial work. Armed with these skills photographers will be able to approach any commercial lighting job with a repertoire of skills an ability to overcome challenges and the confidence needed to nail the shot every time.
