

Teacher

You're the heart of every class room

The soul of every school.

The mind behind the message

That learning is cool.

Your patience and understanding

Cannot be undersold.

Your courage and commitment

Is that of legends told.

Each day you teach our children

Is a day to rejoice.

Because of you - our children.

Will have their own voice.

So Thank You Dear Teacher

For passing knowledge

Through the years.

You thought you were merely teaching.

When you were eliminating fears.

Thank You

- Niki Alling

Drafting and Assessing Poetry Sue Dymoke, 2003-01-28 This excellent book provides the reader with comprehensive coverage of all aspect of poetry teaching The book does more than inform us it inspires profound reflection on the best ways it support poetry writing and draws us into the debate about assessment driven curriculum School Librarian A must for trainee teachers and English departments Booktrusted News Drafting and Assessing Poetry is thoroughly researched and shows how attitudes towards teaching of poetry and indeed the place of poetry on the syllabus has changed with political fashion over the years but more importantly Sue Dymoke shows how a handful of contemporary poets go about drafting their work and sees this process as an essential tool in the classroom advocating that students should keep drafting notebooks just like real writers Getting students or indeed members of writing groups to understand that one draft of a poem may not be the final or best work they can produce will never be a problem again Writing in Education Sue Dymoke s book is a much needed antidote to the ubiquitous guides to poetry analysis This book is well worth reading for its clarity and wealth of ideas Bethan
