Red Runs The Helmand:

Red Runs the Helmand Patrick Mercer, 2011 Anthony Morgan now just appointed as general has two of his sons one his legitimate heir one his bastard both fighting in the ranks Morgan has arrived just as one of the rival princelings has begun to control Herat and is determined to carve out some power for himself and so embarks upon marching to Kandahar determined to remove the British governor and take the city and province as his own kingdom Morgan's life is not made easier by problems with the other generals and in particular his own difficulties in dealing with the growing rivalry between his two sons

Joint Force Harrier Adrian Orchard, James Barrington, 2008-09-04 Days after arriving in Kandahar the Harriers of 800 Naval Air Squadron were in the thick of fierce fighting Armed with rockets and bombs the pilots were flying crucial danger close attack missions in defence of troops engaged in the most intense battles seen by British forces since the Korean War While facing the constant threat of surface to air missiles the British Top Guns knew that any mistake would have fatal consequences for the soldiers who depended on their skill and determination Written by the Commanding Officer of the first Royal Navy squadron to deploy to Afghanistan Joint Force Harrier is a compelling insight into the exciting world of modern air warfare

Afghan Air Wars Michael Napier, 2023-09-28 Michael Napier details the critical role of air power in the skies over Afghanistan from the ten year occupation by the USSR in the 1980s through to the US and NATO campaign from 2001 to 2021 US and British forces strongly supported by air power invaded Afghanistan in late 2001 in response to the Al Qaida attacks on 9 11 What began as a small scale operation of 2 500 troops with the limited objective of destroying Al Qaida became ever larger growing to over 100 000 troops ten years later This experience matched that of the Soviets after their invasion in late 1979 when they saw a massive increase in resistance by Mujahidin Afghan Air Wars details how Soviet aircraft including the MiG 21 MiG 23 Su 17 and Su 25 as well as Mi 8 and Mi 24 helicopters supported Soviet offensives in the Panjshir Valley and other regions Despite these high octane operations and overwhelming air superiority Soviet forces eventually withdrew Some 20 years later US and NATO air forces were deployed in similar roles F 15E F 16 F A 18 A 10 Mirage Harrier and Tornado aircraft all saw action in the skies over Afghanistan as did the CH 47 Chinook and AH 64 Apache helicopters Mike Napier fully details their series of operations in a hostile environment as well as the advent of high resolution targeting pods and Precision Guided Munitions PGM which enabled aircraft to stand off from threat areas and also to deploy their weapons with deadly accuracy The conflict also saw the groundbreaking introduction of Remotely Piloted Vehicles RPV into routine air operations Afghan Air Wars is richly illustrated with over 240 images both official photos and privately taken in theatre images which have not been previously published It also includes first hand accounts by aircrews involved to create a unique and comprehensive picture of the part played by air power over Afghanistan in the last 40 years

Hunting al Qaeda Anonymous,2009-10-08 Active duty special forces units tend to look down their noses at National Guard special forces calling them the summer help But the men of Beast 85 were much more than summer help They were experienced highly qualified Green Berets in every sense of the term with the kind of exceptional skill and insight necessary to fight an unconventional war They were anxious to prove themselves in Afghanistan High adventure heavy combat but in the end these Green Berets were left disillusioned by what might have been as overly cautious military and CIA superiors let Al Qaeda slip through their fingers Military Intervention, Stabilisation and Peace Christian Dennys,2014-05-30 This book examines international military interventions that have supported stability in four communities in Afghanistan and Nepal in an attempt to analyse their success and improve this in future This is the first in depth village level assessment of how local populations conceive of stability and stabilisation and provides a theory and model for how stability can be created in communities during and after conflict The data was collected during field research from 2010 12 In Afghanistan the conflicts examined include the invasion of the Soviet Union in 1979 the civil war from 1992 and the rise and fall of the Taliban In Nepal the research examined the origins of the Maoist movement and the start of the People s War in 1996 to its completion in 2006 and the subsequent Madhesi Andolan in 2007 The book argues that international particularly Western notions of stability and stabilisation processes have failed to grasp the importance of local political legitimacy formation which is a vital aspect of contemporary statebuilding of a non Westphalian nature The interventions across defence diplomatic and defence lines have also at times undermined one another and in some cases contributed to instability The work argues that the theories that structure interventions to address threats to international stability in fragile states are insufficient to explain or achieve the goal of stability This book will be of interest to students of stabilisation operations statebuilding peacebuilding counterinsurgency war and conflict studies and security studies in general Christian Dennys is lecturer at Cranfield University UK Defence Academy and has a PhD in International Relations Standing Tall - The Taliban Nearly Killed Me....But They Couldn't Take Away My Fighting Spirit.
