Whitford, 2015-10-28 The aim of the volume is to engage in an interdisciplinary discussion about the establishment and debates on anthropological concepts and their changes in the age of Reformation How do anthropological concepts touch theological questions such as the freedom of will or the human likeness to God In which ways is there a reflection on emotions How is scientific knowledge received by theologians How is contemporary thought on the *conditio humana* presented in literature and poetry The volume combines selected papers of relevant experts with the research work of young graduate or postgraduate scholars It tries to encourage a transdisciplinary international discussion focused on exemplary case studies as well as systematic points of view Thanks to the outstanding commitment of all participants of the conference we are able to present the results of this discussion a rich and comprehensive spectrum of research work which will encourage further research *The Soul of Theological Anthropology* Joshua R. Farris, 2016-11-25 Recent research in the

philosophy of religion anthropology and philosophy of mind has prompted the need for a more integrated comprehensive and systematic theology of human nature This project constructively develops a theological accounting of human persons by drawing from a Cartesian as a term of art model of anthropology which is motivated by a long tradition As was common among patristics medievals and Reformed Scholastics Farris draws from philosophical resources to articulate Christian

doctrine as he approaches theological anthropology Exploring a substance dualism model the author highlights relevant theological texts and passages of Scripture arguing that this model accounts for doctrinal essentials concerning theological anthropology While Farris is not explicitly interested in thorough critique of materialist ontology he notes some of the significant problems associated with it Rather the present project is an attempt to revitalize the resources found in

Cartesianism by responding to some common worries associated with it **T&T Clark Handbook of Analytic Theology** James M. Arcadi, James T. Turner, 2021-01-28 This handbook provides theological and philosophical resources that demonstrate analytic theology's unique contribution to the task of theology Analytic theology is a recent movement at the nexus of theology biblical studies and philosophy that marshals resources from the analytic philosophical tradition for constructive theological work Paying attention to the Christian tradition the development of doctrine and solid biblical studies analytic theology prizes clarity brevity and logical rigour in its exposition of Christian teaching Each contribution in this volume offers an overview of specific doctrinal and dogmatic issues within the Christian tradition and provides a constructive conceptual model for making sense of the doctrine Additionally an extensive bibliography serves as a valuable resource for researchers wishing to address issues in theology from an analytic perspective **The Doctrine on Which the**

**Church Stands or Falls (Foreword by D. A. Carson)** Matthew Barrett, 2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone In fact Martin Luther argued that justification is the doctrine on which the church stands or falls This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history the Bible theology and pastoral practice revealing the enduring significance of this pillar of Protestant theology *Reforming Theological Anthropology* F.

LeRon Shults, 2003-02-20 With the profound changes in today's intellectual and scientific landscape traditional ways of speaking about human nature sin and the image of God have lost their explanatory power In this volume F LeRon Shults explores the challenges to and opportunities for rethinking current religious views of humankind in contemporary Western culture From philosophy to theology from physics to psychology we find a turn to the categories of relationality Shults briefly traces this history from Aristotle to Levinas showing its impact on the Christian doctrine of anthropology and he argues that the biblical understanding of humanity has much to contribute to today's dialogue on persons and on human becoming in relation to God and others Shults's work stands as a potent effort to reform theological anthropology in a way that restores its relevance to contemporary interpretations of the world and our place in it **Disability in Medieval Christian**

**Philosophy and Theology** Scott M. Williams, 2020-02-13 This book uses the tools of analytic philosophy and close readings of medieval Christian philosophical and theological texts in order to survey what these thinkers said about what today we call disability The chapters also compare what these medieval authors say with modern and contemporary philosophers and theologians of disability This dual approach enriches our understanding of the history of disability in medieval Christian

philosophy and theology and opens up new avenues of research for contemporary scholars working on disability The volume is divided into three parts Part One addresses theoretical frameworks regarding disability particularly on questions about the definitions of disability and how disability relates to well being The chapters are then divided into two further parts in order to reflect ways that medieval philosophers and theologians theorized about disability Part Two is on disability in this life and Part Three is on disability in the afterlife Taken as a whole these chapters support two general observations First these philosophical theologians sometimes resist Greco Roman ableist views by means of theological and philosophical anti ableist arguments and counterexamples Here we find some surprising disability positive perspectives that are built into different accounts of a happy human life We also find equal dignity of all human beings no matter ability or disability Second some of the seeds for modern and contemporary ableist views were developed in medieval Christian philosophy and theology especially with regard to personhood and rationality an intellectualist interpretation of the imago Dei and the identification of human dignity with the use of reason This volume surveys disability across a wide range of medieval Christian writers from the time of Augustine up to Francisco Suarez It will be of interest to scholars and graduate students working in medieval philosophy and theology or disability studies *T&T Clark Handbook of Neo-Calvinism* Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields [Dirk Philips, A Sixteenth-Century Dutch Anabaptist](#) Insung Jeon, 2022-03-18 The purpose of this book is to shed light on the thought of Dirk Philips who was a Mennonite leader in the sixteenth century and to argue that his various doctrines including his Christology ecclesiology soteriology and anthropology are interrelated with his view of the visible church This book explains that Dirk Philips view of the visible church is much closer to the ecclesiology of Augustine's tradition rather than to the ecclesiology of the Donatists tradition Although Dirk Philips had excellent theological abilities and he was a leader who made a significant contribution to the development of the Mennonites camp he did not receive much attention in the study of Anabaptists and there has not been much research on this sixteenth century Mennonite leader Thus this book will help you discover a great sixteenth century leader who has been forgotten in church history Is it true that the Radical Reformers are disciples of Donatus that the Anabaptists thought that the failed believers cannot be forgiven because the church is a gathering of pure souls This book will probe the idea that the Radical Reformation is closer to the ecclesiology of Augustine's tradition than to the

ecclesiology of the Donatists tradition      Biblical Eschatology Jeong Koo Jeon, 2021-10-01 Jeon's *Biblical Eschatology* explores the pattern of covenant eschatology demonstrated and revealed in the Bible throughout redemptive history. In a sense it is a revolutionary method to freshly examine and look at the entire redemptive history from the perspective of covenant eschatology because the Bible itself is the covenantal canon. Readers will marvel at how the author unpacks the pictorial pattern of covenant eschatology progressively revealed in the Bible. As we live in the Global Mission Age under the grace of God, it is vitally important and necessary to have a proper view of eschatology. Jeon's book will guide believers to a biblically balanced understanding of eschatology and properly equip them with a biblical covenantal and eschatological worldview to live their lives for the glory of God actively participating in the Global Mission under the guidance of the Holy Spirit as we eagerly wait for the second coming of Jesus Christ.

*Justification, Volume 1* Michael Horton, 2018-11-27 The first of a two volume project delving into the doctrine of justification, Michael Horton seeks not simply to recover a clear message of its role in modern Reformed theology but also to bring a fresh discovery of the gospel in a time when contemporary debates around justification have reignited. The doctrine of justification stands at the center of our systematic reflection on the meaning of salvation and grace as well as our piety mission and life together. And yet within mainline Protestant and evangelical theology it's often taken for granted or left to gather dust in favor of modern concerns and self renewal. Volume 1 is an exercise in historical theology exploring the doctrine of justification from the patristic era to the Reformation. This book Provides a map for contemporary discussions of justification identifying and engaging principal sources: Origen, Chrysostom, Augustine, Thomas Aquinas, John Duns Scotus, William of Ockham, Gabriel Biel and the magisterial reformers. Studies the transformations of the doctrine through Aquinas, Scotus and the nominalists leading up to the era of the Reformation and the Council of Trent. Concludes by examining the hermeneutical and theological significance of the Reformers' understanding of the law and the gospel and the resultant covenantal scheme that became formative in Reformed theology. Engaging and thorough. Justification will not only reenergize the reader whether Protestant or Catholic with a passion for understanding this essential and long running doctrinal conversation but also challenge anyone to engage critically with the history of the Church and the heart of the gospel.

Neo-Calvinism Cory C. Brock, N. Gray Sutanto, 2023-02-08 Discover the rich theology of Neo Calvinism. Abraham Kuyper and Herman Bavinck sparked a theological tradition in the Netherlands that came to be known as Neo Calvinism. While studies in Neo Calvinism have focused primarily on its political and philosophical insights, its theology has received less attention. In *Neo Calvinism: A Theological Introduction*, Cory C. Brock and N. Gray Sutanto present the unique dogmatic contributions of the tradition. Each chapter focuses on a distinct theological aspect such as revelation, creation, salvation and ecclesiology. Neo Calvinism produced rich theological work that yields promise for contemporary dogmatics. This book invites readers into this rich theological trajectory. This book is the sign that Neo Calvinist theology has now passed beyond the Dutch fairway. It has reached the international waters.

George Harinck     **Berkouwer and Catholicism** Eduardo Echeverria, 2013-04-28 Gerrit Cornelis Berkouwer 1903 1996 was a great master of dogmatic and ecumenical theology He was a Reformed Protestant thinker with roots in Dutch neo Calvinism a holder of the Chair in Dogmatics 1945 1974 at the Free University Amsterdam a position previously held by his two illustrious neo Calvinist predecessors Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 Echeverria provides a much needed in depth analysis and critique of his theology particularly his evolving relationship with Catholicism in light of Vatican II His contention is that Berkouwer's careful and nuanced examination of Catholic theology as well as possible responses to his critiques offers important clues for the contemporary ecumenical project     *Lectures in Systematic Theology* Henry C. Thiessen, 2006-11-09 Originally published in 1949 and then revised in 1979 this comprehensive introduction to systematic theology has well served countless students and pastors for more than half a century In this paperback edition it will continue to instruct serious students of the Bible and theology Following two introductory chapters delineating the nature necessity possibility and divisions of theology Henry Clarence Thiessen systematically address a wide range of subjects in eight major sections Theism Bibliology Theology Anthropology Soteriology Ecclesiology Angelology and Eschatology Also included are two specialized indexes for further study an Index of Subjects and an Index of Scriptural References that includes over 4 000 entries     Covenant Theology Guy Prentiss Waters, J. Nicholas Reid, John R. Muether, 2020-10-16 A Comprehensive Exploration of the Biblical Covenants This book forms an overview of the biblical teaching on covenant as well as the practical significance of covenant for the Christian life A host of 26 scholars shows how covenant is not only clearly taught from Scripture but also that it lays the foundation for other key doctrines of salvation The contributors who engage variously in biblical systematic and historical theology present covenant theology not as a theological abstract imposed on the Bible but as a doctrine that is organically presented throughout the biblical narrative As students pastors and church leaders come to see the centrality of covenant to the Christian faith the more the church will be strengthened with faith in the covenant keeping God and encouraged in their understanding of the joy of covenant life

**Calvin at the Centre** Paul Helm, 2010 An exploration of the consequences of various ideas in the thought of John Calvin and the influence of his ideas on later theologians The emphasis is on philosophical ideas within Calvin's theology dealing in turn with epistemological metaphysical and ethical issues Helm provides a fresh perspective on Calvin's theological context and legacy     *The Task of Dogmatics* Zondervan, 2017-11-21 Defining the Nature Process and Mission of Dogmatic Discourse Theologians often discuss method in a remote and preliminary way that suggests they are not yet speaking theologically when speaking methodologically But it is also possible to reflect on the work of Christian dogmatics in a way that is self consciously nourished by biblical reasoning resourced by tradition joined up with ecclesial practice and alert to spiritual dynamics Bringing together theologians who are actively engaged in the writing and editing of extended dogmatics projects *The Task of Dogmatics* represents the proceedings of the 2017 Los Angeles Theology Conference and seeks to

provide constructive accounts of the nature of the dogmatic task The eleven diverse essays in this collection include discussions on Identifying theology s pattern and norm The validity and relativity of doctrinal statements The Apostle Paul and the task of dogmatics The retrieval of patristic and medieval theology Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future
