

AFTER THEY CLEAR YOUR CALCULATOR YOU MUST PERFORM THESE STEPS!!!!!!

*******THEY WILL NOT TELL YOU HOW TO DO THIS*******

MODE → A+BI

MODE → DEGREE

2ND CATALOG → (SCROLL DOWN TO) DIAGNOSTIC ON

- **Undefined Fractions**

A fraction is undefined when its denominator equals zero. Here you set the bottom equal to zero, then solve for x.

- **Simplifying Fractions**

To simplify a fraction containing variable expressions factor first.

- **Adding and Subtracting Expressions**

We can only add and subtract fractions with the same denominator. If the denominators are different you must find the least common denominator.

- **Dividing Fractions**

Multiply dividend by reciprocal of divisor. ** KEEP-CHANGE-FLIP RULE!!!! KEEP the first fraction CHANGE to multiplication FLIP the second fraction **

- **Complex Rational Expressions**

Fractions whose numerator, denominator, or both contain fractions. To simplify a complex fraction first find the LCD of all the little fractions. Second multiply every term by the LCD. Third factor and reduce.

- **Solving Rational Expressions**

This contains one or more fractions. To solve: first find the LCD of all the fractions. Second, multiply every term by the LCD to remove fractions. Third, solve. Fourth, check. Fifth, reject any extraneous roots (any solution for which the equation is undefined is called an extraneous root.)

- **Absolute Value Equations**

When solving an equation containing absolute value you must first isolate the absolute value then set up the cases. EX: original $12x-41=8$ two cases are $2x-4=8$ and $2x-4=-8$.

- **Absolute Value Inequalities**

To solve an inequality containing absolute value the inequality must first be converted to either a conjunction or a disjunction. EX: -any number $< x <$ any number or -any number $> x >$ any number.

$<$ and \leq mean "and." Therefore you shade in on number line. $>$ and \geq mean "or."

Therefore you shade out on number line. When making the second case negative change the sign. When dividing by a negative change the sign.
