**The Ideologies of Children's Rights** Michael Freeman, Philip E. Veerman, 2021-09-27 It is often said that you can judge a society by the way it treats its weaker members This book takes this theme and examines the ways in which different aspects of children's lives are treated in a number of societies To this end it uses the conduit of children's rights The importance of children's rights as an ideology and in practice is critically examined by a group of academics and practitioners with an international reputation and wide experience and insight The book offers an understanding of the moral foundations of children's rights and enables all those in whatever discipline to gain a deeper understanding of an issue which has assumed major importance with the passing of the UN Convention on the Rights of the Child

**The International Law on the Rights of the Child** Geraldine van Bueren, 2021-11-01 Only available in paperback version ISBN 90 411 1091 7 This volume draws upon the author's own experience to highlight the complexities behind the global violations of children's rights Analysis and description are interwoven to provide a coherent study of the international status of children and the rights which attach to this status both for those familiar and unfamiliar with international law The author demonstrates the potential of international law in protecting the rights of children even in states which are restructuring their economies To be effective international law cannot be used in isolation and the text seeks to place the rights of the child in their cultural and historical contexts All royalties from *The International Law on the Rights of the Child* are being donated to the International Save the Children Alliance to assist them in their work with children Ms van

Bueren combines skilfully an enormous amount of factual material with careful legal analysis and comment this book will rapidly become indispensable to children's rights lawyers C M Chinkin University of Southampton Among numerous publications dealing with the subject of promotion and protection of the rights of the child issued up to date G Van Bueren's *The International Law on the Rights of the Child* is the most serious monograph in the field of international law *Children and International Human Rights Law* Aisling Parkes, 2013-08-15 The United Nations Convention on the Rights of the Child 1989 is one of the most highly ratified human rights treaties in the world with 192 states currently signed up to it Article Twelve is fundamental to the Convention and states that all children capable of forming views have the right to express those views and recognises that all children have the right to be heard in any judicial and administrative proceedings affecting them This book explores the historical and theoretical background to Article Twelve and examines the various models of participation which have been created to facilitate a better understanding of this provision Aisling Parkes analyzes the extent to which Article Twelve has been implemented under international law and in domestic law as well as setting out recommendations for the most effective ways of implementing Article Twelve in all areas of children's lives *Child Sexual Abuse, Exploitation and Trafficking in the Arab Region* Bernard Gerbaka, Sami Richa, Roland Tomb, 2021-06-01 This book presents and brings together research on child sexual abuse from various countries and cultures in the Arab Region It addresses the multiple types of Child Sexual Abuse Exploitation and Trafficking CSAET and responds to the expanding burden of its diverse presentations The book identifies appropriate structures for efficient programs that are to be accepted and developed by diverse cultures in the region in order to develop an action plan to combat sexual violence against children It studies the gathered to date child sexual abuse protection systems in the Arab region covering issues such as children's rights challenges of protection and advocates for peaceful safe healthy and happy environments for children and their families **Combating Trafficking in Children for Labour Exploitation in South Asia** Karin Kohlweg, 2000-08 A South Asian sub regional consultative workshop on Combating Trafficking in Children for Labour Exploitation was held in Oct 1998 It was attended by participants from Bangladesh India Nepal Pakistan share experiences among countries on what has been done at the policy identify relevant activities at the national bi lateral sub regional levels as well as action programs that could be integrated in the U N framework for action *Overcoming Child Abuse* Michael Freeman, 2018-08-16 Published in 2000 Child abuse is endemic it comes in many forms and its categories are not closed This book looks at responses to aspects of child abuse in all five continents The definitions are different though not all that different the legal emphases vary and so do management techniques This book reveals the importance of culture and structure in the commitment to eradicate the problem **Trafficking in Women and Children in India** P. **Foster Children, Rights and the Law** Matthew Trail,2025-03-31 This book discusses child wishes rights and participation in the foster care system Making decisions in a foster child s best interest is a widely used but also widely criticized international legal doctrine This work discusses the two major legal frameworks best interest and normalcy for which foster care decisions are made and how those frameworks might shape how child welfare professionals view and interpret children s rights and participation Normalcy the idea that decisions should promote a normal life is a separate legal doctrine which can be in conflict with best interest determinations However the concept of normalcy is also theoretically built into best interest decisions and therefore also plays a role in most child welfare systems Mixing both empirical legal and child welfare research the book demonstrates the ways in which risk aversion and fear drive best interest decision making to the detriment of both practitioners and the children they aim to serve It argues that a children s rights framework starting with normalcy is a better tool for promoting child participation and centering the child within the dependency process The book will be of interest to academics researchers and policymakers working in the areas of children s rights law child welfare and international human rights law      Confessing the International Rights of Children Farhad Malekian,Kerstin Nordlöf,2012-12-18 Within the sphere of law it is the recognition of its subjects women men children and private or public entities which has been the most prominent facet of national regional or international relations The dominance of the

question of recognition has led to the development of the law and the maintenance of its provisions Obviously the legal effect of recognition is limited if rights are not implemented entirely Simultaneously justice cannot be done within the social structure of any society as long as the basic elements of that society do not properly protect the rights of children Thus the complexity one may expect of a legal issue is not just how to deal with the relevant issue in a court of justice but how to prove that the machinery of justice does not own or use the appropriate documents necessary for the examination of the issue This book on confessing the international rights of children brings together all international documents which are significant to the protection of the rights of children The introduction to each document presented in the book demonstrates that there is not necessarily any particular need to prove the legal existence of children s rights They obviously exist with full rights but the implementation of those rights is indeed not so easy In addition as a matter of principle we must not forget that the natural personality of each child has not been created by national regional or international documents but by their very existence within our global environment constituting human beings of their own age

*Rights of the Girl Child in India* Nitu Kumari,2024-08-02 This book discusses regional and global discourses on the rights of children especially girls It focuses on social and government initiatives to address the marginalization of women and girls in societies across the world It traces the root causes for the vulnerable positions of girls and women and the challenges associated with improving their access to opportunities education healthcare and socio economic freedoms It explores national and international initiatives for the welfare and development of the girl child and recent social legal and policy developments towards uplifting vulnerable girls in largely patriarchal societies in India It looks at debates over age and rights the status of the girl child the causes and consequences of being vulnerable various aspects of welfare and protection and the cultural relativism and violation of human rights of girls and women An important volume on human rights this book will be of interest to students researchers and practitioners of gender studies sociology of the family human rights law and civil liberties development studies socio legal studies and sociology and social policy

**Handbook of Children's Rights** Martin D. Ruck,Michele Peterson-Badali,Michael Freeman,2016-12-08 While the notion of young people as individuals worthy or capable of having rights is of relatively recent origin over the past several decades there has been a substantial increase in both social and political commitment to children s rights as well as a tendency to grant young people some of the rights that were typically accorded only to adults In addition there has been a noticeable shift in orientation from a focus on children s protection and provision to an emphasis on children s participation and self determination With contributions from a wide range of international scholars the Handbook of Children s Rights brings together research theory and practice from diverse perspectives on children s rights This volume constitutes a comprehensive treatment of critical perspectives concerning children s rights in their various forms Its contributions address some of the major scholarly tensions and policy debates comprising the current discourse on children s rights including the best interests of the child evolving capacities of the child

states rights versus children's rights rights of children versus parental or family rights children as citizens children's rights versus children's responsibilities and balancing protection and participation In addition to its multidisciplinary focus the handbook includes perspectives from social science domains in which children's rights scholarship has evolved largely independently due to distinct and seemingly competing assumptions and disciplinary approaches e.g childhood studies developmental psychology sociology of childhood anthropology and political science The handbook also brings together diverse methodological approaches to the study of children's rights including both quantitative and qualitative perspectives and policy analysis This comprehensive cosmopolitan and timely volume serves as an important reference for both scholarly and policy driven interest in the voices and perspectives of children and youth

**A Commentary on the United Nations Convention on the Rights of the Child, Article 34: Sexual Exploitation and Sexual Abuse of Children** Vitit

Muntarbhorn, 2007-02-26 This volume constitutes a commentary on Article 34 of the United Nations Convention on the Rights of the Child It is part of the series A Commentary on the United Nations Convention on the Rights of the Child which provides an article by article analysis of all substantive organizational and procedural provisions of the CRC and its two Optional Protocols For every article a comparison with related human rights provisions is made followed by an in depth exploration of the nature and scope of State obligations deriving from that article The series constitutes an essential tool for actors in the field of children's rights including academics students judges grassroots workers governmental non governmental and international officers The series is sponsored by the Belgian Federal Science Policy Office

*Child Domestic Work in Nigeria* Gankam Tambo, Ina, 2014-10-30 For the last two decades child domestic work carried out in Nigeria as well as in other countries in Africa Latin America and Asia has been given increasing attention by international policy makers and scientists Yet the research mainly focuses on the living and working conditions of these children which also forms part of this book However in addition political and pedagogical measures of intervention employed on international national and local levels on child domestic work are also at the centre of analysis Against the background of post colonial theory the author studies the effects of social modernisation in Nigeria as a rapidly growing national economy on child domestic work and historically retraces the origins of this form of child work back to indigenous modes of socialisation and social security within the pre colonial Nigerian extended family network The research is based on field work in Nigeria including interviews and documentary analysis
