Regional Geography Of Canada:

Regional Geography of the United States and Canada Daniel R. Montello, Michael T. Applegarth, Tom L.

McKnight, 2021-03-29 The fifth and thoroughly revised edition of *Regional Geography of the United States and Canada* provides a rich and comprehensive overview of both the physical and human geography of these two countries and in the true spirit of geography the interactions and interrelations of the physical and human Following long traditions of the discipline of geography this text incorporates words maps drawings photographs and numerical data to present its information in an engaging way After covering beneficial precursor topics such as the basics of physical and human geography the text explores fifteen regions of the US and Canada The authors observe and describe our planet's geography in thorough and accessible detail while laying out the spatial basics of the location shape and size of the different regions and summarizes their most distinctive thematic qualities Physical topics covered include the region's topography and landforms soils climate hydrography vegetation and wildlife The human topics include the region's population the ethnicities and settlement history of its people economic activities including agriculture forestry mining fishing manufacturing and service industries cities and transportation In depth essays expand on specific topics of interest and importance while outlook sections prognosticate about the near future of the regions Each chapter concludes with a bibliography of books articles and reports that provide further sources for the interested reader *The Regional Geography of Canada* Robert M.

Bone, 2017-08-02 This extensively revised and updated edition is the most thorough and relevant introduction to Canadian regional geography available Identifying and exploring Canada's six regions Atlantic Canada Quebec Ontario Western Canada British Columbia and the Territorial North author Robert Bone guides students through the basic physical historical cultural social and economic features of each region nurturing an appreciation of this country's amazing diversity **A**

Regional Geography of the United States and Canada Lisa Benton-Short, John Rennie Short, Chris Mayda, 2018-07-25 Now in a thoroughly revised and updated edition this text offers a comprehensive examination of North America's physical and human geography weaving in the key themes of environment and sustainability throughout The authors explore the challenges each region faces such as water shortages climate change increased migration and diversity urbanization and continued economic changes The book also highlights the positive actions that Americans and Canadians are taking to move toward a more sustainable future New features in the second edition include sections on population immigration and diversity and urban trends Each chapter also features a case study that examines a national park representing natural and cultural heritage how the region is coping with climate change how geospatial technologies are applied to environmental challenges iconic images and or cultural festivals urban sustainability best practices and global connections and networks Designed for ease of teaching and learning the book features full color photographs and maps throughout chapter highlights lists of key terms places and major cities for each chapter discussion questions and a glossary *A Regional Geography of*

Canada Donald Fulton Putnam, Donald P. Kerr, 1961 **Regional Geography of the United States and Canada** Daniel R. Montello, Michael T. Applegarth, Tom L. McKnight, 2021-03-08 The fifth and thoroughly revised edition of *Regional Geography of the United States and Canada* provides a rich and comprehensive overview of both the physical and human geography of these two countries and in the true spirit of geography the interactions and interrelations of the physical and human. Following long traditions of the discipline of geography this text incorporates words maps drawings photographs and numerical data to present its information in an engaging way After covering beneficial precursor topics such as the basics of physical and human geography the text explores fifteen regions of the US and Canada The authors observe and describe our planet's geography in thorough and accessible detail while laying out the spatial basics of the location shape and size of the different regions and summarizes their most distinctive thematic qualities Physical topics covered include the region's topography and landforms soils climate hydrography vegetation and wildlife The human topics include the region's population the ethnicities and settlement history of its people economic activities including agriculture forestry mining fishing manufacturing and service industries cities and transportation In depth essays expand on specific topics of interest and importance while outlook sections prognosticate about the near future of the regions Each chapter concludes with a bibliography of books articles and reports that provide further sources for the interested reader **Regional Geography of Canada** John Lewis Robinson, 1972 *A Regional Geography of Canada [braille]* Kerr, Donald P., Donald F. Putnam, 1977?

Across This Land John C. Hudson, 2002-03 Based on decades of research and written in clear concise prose by one of the foremost geographers in North America John C Hudson's *Across This Land* is a comprehensive regional geography of the North American continent Clearly organized the book divides the entire United States and Canada into six major regions then further subdivides them into twelve smaller areas Hudson emphasizes each region or area's distinguishing place specific attributes including to a larger degree than previous regional geographies political considerations In this way the book tells the story of each region relying on a brisk narrative that reveals the dynamic processes of their distinctive characteristics The first extensive regional geography of the North American continent in over seventy five years Hudson's *Across This Land* will become the standard text in geography courses dealing with Canada and the U S as well as a popular reference work for scholars students and lay readers **Canada** Brett McGillivray, 2006 *Canada A Nation of Regions* is a comprehensive survey of the regional geography of Canada Explaining the processes physical and human that have shaped and continue to modify this country Brett McGillivray tells the stories of the interactions between Canada's peoples and landscapes At the same time he draws attention to Canada's place in the global context and the international factors that have so much power to influence the direction of economic development here Designed to be accessible to students without any previous background while offering enough complexity for geography majors *Canada A Nation of Regions* provides a lively and engaging introduction to the discipline *Concepts and Themes in the Regional Geography of Canada* John Lewis Robinson, 1983-01-01 **Regional**

Geography of the United States and Canada Tom Lee McKnight,1997 An appreciation of the regional geography of North America this revised text emphasizes the description and interpretation of North American landscapes including their sequential development It covers issues ranging from ecosystems and urban morphology to agriculture and inland waterways

The Canadian North Robert M. Bone,2016 Now in its fifth edition The Canadian North continues to balance in depth coverage of the history and geography of the North with current debates on the issues and challenges shaping the region today Using a straightforward accessible approach Robert Bone traces the profound social cultural environmental economic and political changes occurring in northern Canada including the effects of resource extraction the impacts of climate change and the advancements being made by the Aboriginal peoples who call this region home Updated throughout to reflect recent developments this insightful exploration of the Canadian North will help students fully appreciate the many challenges as well as the potential opportunities facing this fascinating region and its peoples

The Regional Geography of Canada Robert M. Bone,2000 While physical and historical geography have traditionally played a central role in the study of Canadian geography this book gives more weight to the coverage of contemporary economic and social factors which have transformed the spatial fabric of Canada s landscape The text consists of two sections the first examines elements and issues that affect the national character of Canada and the second moves to the regional scene with chapters on Ontario Quebec British Columbia Western Canada Atlantic Canada and the Territorial North

A Regional Geography of Canada John Warkentin,2000

Concepts and Themes in the Regional Geography of Canada John Lewis Robinson,1983

A Regional Geography of Canada Donald F. Putnam,Donald F. Kerr,1969

GEOG 475 : Regional Geography of Canada Angus M. Gunn,Open Learning Agency (Burnaby, B.C.),Open University (Richmond, B.C.),1998

Canada George Strong Tomkins,1962

The Western Interior of Canada John Warkentin,1964-01-15 This volume consists of excerpts from journals diaries and reports of geographical explorations into the western interior of Canada from the first known journeys of Jens Munck and Luke Foxe up to the scientific surveys undertaken in the late 19th and early 20th centuries

Heartland and Hinterland Angus M. Gunn,Larry McCann,1998 Appropriate for first year regional geography and Canadian studies courses in both colleges and universities This text applies the valuable heartland hinterland perspective to Canada in the late 1990s This framework not only defines Canada s position in the world system but assigns geographical roles to the regions of Canada accounts for the significant shaping forces of regional growth and focuses attention on the current issues of regionalism
