Wine Kenneth Fredrickson, 2025-06-17 Everything you need to know about the fruit of the vine From A to Zinfandel If you enjoy wine but can't articulate why you're not alone From terroir to global varieties Wine A Beginner's Guide breaks down the complex bouquets of winemaking and tasting into ways that are fun and easy to understand Learn what really makes a cabernet sauvignon red Taste how it's possible to detect a hint of leather chocolate or even rubber in a single sip Confidently discuss the subtleties of different types of grapes with the guide that has everything you need to know to grow your love of wine Wine A Beginner's Guide includes Taste right The 4 Step process to tasting wine means you'll get the most flavor from every swish and swirl Pour with poise Handle a bottle of vino just right with tips on proper serving temperature glass style and long term storage Perfect match An entire chapter on pairing with food means you'll select a bottle that complements every meal Uncork your inner sommelier and sip confidently with Wine A Beginner's Guide **Homemade sushi guide for beginners**, 2023-11-23 Introduction Sushi is by far the most well known Japanese cuisine and has become extremely popular at a global scale What used to be available only in Japanese restaurants is now readily available in a variety of food establishments grocery stores school cafeterias even gas stations Depending on where you live the sushi you're familiar with could be quite different than the authentic and traditional style originated in Japan But that's the beauty of it The concept of sushi has grown so multiculturally that there's new and interesting fusion creations all the time Although I respect and love the tradition of Japanese sushi it really excites me to see people having fun and exploring new boundaries when making sushi Traditionally in Japan to become a professional sushi chef would require years and years of dedication The first years were

spent meticulously learning and repetitive training on cooking rice and preparing vegetables Not to mention the cleaning and maintenance of all supplies equipment and the restaurant itself Often you wouldn't even be able to touch the fish until a few years in Though this tradition has faded away a bit in modern years the culture still does exist and lives on And thankfully so because there's nothing quite like a perfectly crafted piece of nigiri by a traditionally taught master sushi chef But don't worry I'm not asking you to dedicate years of your life to learning and crafting your sushi skills Sushi is often seen as a very intimidating cuisine that scares even the best chefs And yes it is a very complex skill filled with traditional techniques that take years upon years to master But don't let that discourage you from even trying I will guide you step by step through the fundamentals of sushi and teach you how to take that skill and make it your own My twenty plus years of training as a sushi chef originally started from my dad who's owned and operated a Japanese restaurant for more than thirty five years He taught me all the fundamentals and guided me throughout the first part of my sushi career I then started my own sushi catering company which I operated for more than ten years During this time I have had the pleasure of working with so many amazing clients I've also had countless opportunities to teach how to make sushi and I noticed there was a gap between people who wanted to make sushi but didn't know how to even start scared to even That is the reason why I decided to write this book to share my knowledge and teach the proper fundamentals to those who are curious about making sushi Because as intimidating as it may be making sushi is actually quite easy to do at home To those who didn't know where to start well you chose the right book and I'm excited for you This is the start line I have compiled years of my experience and simplified it into this one single book so that it can be a gateway to your sushi journey Whether your goal is to make your favorite sushi at home impress your family and friends with your own sushi creations or practice to become a professional sushi chef this book will help you accomplish those goals You'll find many of my personal recipes in this book however this is not just a recipe book More so it is a skills development book that skill being the art of sushi Sushi is a unique and amazing cuisine where once you have the basics down you can let your imagination take over Take a sushi roll for example I can share hundreds of recipes on all different types of rolls and make this book four hundred plus pages but the fundamental techniques for each are very similar Sure there's slight differences which I do teach but most of it just takes repetition and practice My goal is to teach you the fundamentals of making sushi which will allow you to confidently take that skill and dive into the art of sushi on your own The beauty of sushi especially making it at home is in the endless possibilities and the fact that you can do whatever you want If you give a man a fish you feed him for a day If you teach a man to fish you feed him for a lifetime Yes pun intended
