Piracy in the Golden Age, Volume 2 Joel H Baer, 2024-12-11 Providing a comprehensive view of Golden Age piracy this edition includes descriptions of the actions of individuals alongside contemporary discussions of the piracy problem through books journals newspaper articles essays reviews proposals pamphlets and sermons from Britain and its colonies **The Sultan's Renegades** Tobias P. Graf, 2017-02-23 The figure of the renegade a European Christian or Jew who had converted to Islam and was now serving the Ottoman sultan is omnipresent in all genres produced by those early modern Christian Europeans who wrote about the Ottoman Empire As few contemporaries failed to remark converts were disproportionately represented among those who governed administered and fought for the sultan Unsurprisingly therefore renegades have attracted considerable attention from historians of Europe as well as students of European literature Until very recently however Ottomanists have been surprisingly silent on the presence of Christian European converts in the Ottoman military administrative elite The Sultan's Renegades inserts these foreign converts into the context of Ottoman elite life to reorient the discussion of these individuals away from the present focus on their exceptionality towards a qualified appreciation of their place in the Ottoman imperial enterprise and the Empire's relations with its neighbours in Christian Europe Drawing heavily on Central European sources this study highlights the deep political religious and cultural entanglements between the Ottoman Empire and Christian Europe beyond the Mediterranean Basin as the shared world par excellence The existence of such trans imperial subjects is not only symptomatic of the Empire's ability to attract and integrate people of a great diversity of backgrounds it also illustrates the extent to which the Ottomans participated in processes of religious polarization usually considered typical of Christian Europe in this period Nevertheless Christian Europeans remained ambivalent about those they dismissed as apostates and traitors frequently relying on them for support in the pursuit of familial and political interests *Dionysus, Christ, and the Death of God, Volume 2* Giuseppe Fornari, 2020-09-01 This magisterial reflection on the history and destiny of the West compares Greco Roman civilization and the Judeo Christian tradition in order to understand what both unites and divides them Mediation understood as a collective symbolic experience gives society unity and meaning putting human beings in contact with a universal object known as the world or reality But unity has a price the very force that enables peaceful coexistence also makes us prone to conflict As a result in order to find a common point of convergence of at one ment someone must be sacrificed Sacrifice then is the historical pillar of mediation It was endorsed in a cosmic religious sense in antiquity and rejected for ethical reasons in modernity where the Judeo Christian tradition plays an intermediate role in condemning sacrificial violence as such while accepting sacrifice as a voluntary act offered to save other human beings Today as we face the collapse of all shared mediations this intermediating solution offers a way out of our moral and cultural plight **ET Visitors Speak, Volume 2** Robert Shapiro, 2009-09 New Age *African American Literature in Transition, 1800-1830: Volume 2, 1800-1830* Jasmine Nichole Cobb, 2021-05-13 African American literature in the years between 1800 and 1830 emerged from significant transitions in the cultural technological and political

The Historians' History of the World Vol.2 (of 25) (Illustrations) Henry Smith Williams, Many a nation has walked God s earth has long enjoyed its good things has come into being and passed away without our knowing anything of its history or even whether it had a history at all For no nation has a history except one that makes history that is to say that influences the course of human development It is with races as with individuals none is kept in mind by posterity save those who have distinguished themselves by ideas that have modified the life of mankind or which comes to the same thing have been pioneers in fresh fields of action The greater the spiritual gain a nation has brought to the rest of the world the longer and more steadily its life has flowed in the channels it was the first to make the longer is its history told among them The nations of history are those which have put forward in one fashion or another their claim to the dominion of the world Thus we may fitly ask what claim it is that is made upon our interest by the history of the Jewish nation And the answer will be that nothing which excites our attention or stirs us to admiration or imitation in the history of other nations is here present in any large measure Israel was always a small nay a petty nation settled in a narrow space never of any considerable importance in the political history of the East it never brought forth a Ramses II a Sargon an Esarhaddon an Asshurbanapal a Nebuchadrezzar or a Cyrus to bear its banner into distant lands Yet for all this the history of Israel has for

us an interest quite different from that of those other nations of antiquity And if as we see Israel is far surpassed in martial glory by the peoples of the great empires and by the Romans in their influence on the development of law there are yet other points in which it must yield unquestioned precedence to other nations of antiquity We do not find in Israel the same feeling for beauty as among the Greeks who like no nation before them or after showed forth the laws of beauty in every sphere of intellectual life and to this day in such matters stand forth in a perfection which has never again been attained far less excelled Among the Hebrews there is nothing analogous nothing comparable to what we admire in the Hellenic people It has no epic nothing that can be compared with the Iliad and the Odyssey against which the Germans set the Nibelungen Lied and the Finns the Kalewala it has not the slightest rudiments of a drama the Song of Songs and Job are not dramas There is a school of lyrical poetry unsurpassed for all time and the music that corresponds to it But the bent towards science which actuates the Greeks is wholly lacking wholly lacking the bent towards 2 philosophy Nor was it ever eminent in ancient days in the walks of commerce enterprise and invention by which also a nation may conquer the world its intellectual life is absolutely one sided a one sidedness that produces on us the effect of extreme singularity But the attraction it has for us does not lie in this singularity It is due rather to the circumstance that this small nation has exerted a far greater influence over the course of the history of the whole human race than the Greeks or Romans that to us it has become typical in many more respects than they Our present modes of thought and feeling our lives and actions are far more profoundly influenced by the world of thought and feeling which Israel brought to the birth than by that of Greece or Rome Our whole civilisation to day is saturated with tendencies and impulses which have their origin in Israel To be continue in this ebook Early Modern Tragicomedy Subha Mukherji,Raphael Lyne,2007 Fresh explorations of the tragicomic drama setting the familiar plays of Shakespeare and his contemporaries alongside Irish and European drama Tragicomedy is one of the most important dramatic genres in Renaissance literature and the essays collected here offer stimulating new perspectives and insights as well as providing broad introductions to arguably lesser known European texts Alongside the chapters on Classical Italian Spanish and French material there are striking and fresh approaches to Shakespeare and his contemporaries to the origins of mixed genre in English to the development of Shakespearean and Fletcherian drama to periodization in Shakespeare s career to the language of tragicomedy and to the theological structure of genre The collection concludes with two essays on Irish theatre and its interactions with the London stage further evidence of the persistent and changing energy of tragicomedy in the period Contributors SARAH DEWAR WATSON MATTHEW TREHERNE ROBERT HENKE GERAINT EVANS NICHOLAS HAMMOND ROSKING SUZANNE GOSSETT GORDAN MCMULLAN MICHAEL WINMORE JONATHAN HOPE MICHAEL NEILL LUCY MUNRO DEANA RANKIN **Encountering Islam** Paul Auchterlonie,2012-03-24 Long before European empires came to dominate the Middle East Britain was brought face to face with Islam through the activities of the Barbary corsairs For three centuries after 1500 Muslim ships based in North African ports terrorized European shipping capturing

thousands of vessels and enslaving hundreds of thousands of Christians

Encountering Islam is the fascinating story of one Englishman's experience of life within a Muslim society as both Christian slave and Muslim soldier. Born in Exeter around 1662, Joseph Pitts was captured by Algerian pirates on his first voyage in 1678. Sold as a slave in Algiers, he underwent forced conversion to Islam. Sold again, he accompanied his kindly third master on pilgrimage to Mecca, so becoming the first Englishman known to have visited the Muslim Holy Places. Granted his freedom, Pitts became a soldier going on campaign against the Moroccans and Spanish, before venturing on a daring escape while serving with the Algiers fleet. Crossing much of Italy and Germany on foot, he finally reached Exeter seventeen years after he had left.

Joseph Pitts's *A Faithful Account of the Religion and Manners of the Mahometans*, first published in 1704, is a unique combination of captivity narrative, travel account, and description of Islam. It describes his time in Algiers, his life as a slave, his conversion, his pilgrimage to Mecca, the first such detailed description in English, Muslim ritual and practice, and his audacious escape. A Christian for most of his life, Pitts also had the advantage of living as a Muslim within a Muslim society. Nowhere in the literature of the period is there a more intimate and poignant account of identity conflict.

Encountering Islam contains a faithful rendering of the definitive 1731 edition of Pitts's book, together with critical historical, religious, and linguistic notes. The introduction tells what is known of Pitts's life and places his work against its historical background and in the context of current scholarship on captivity narratives and Anglo-Muslim relations of the period.

The Encyclopedia of Best Films Jay Robert Nash, 2019-10-23. This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them, as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast, as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc., as well as an annotated name index listing all persons mentioned, along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
