

Sample personal recommendation letter for friend (Text Version)

Dear Mr. Adams,

I'm writing to recommend my friend Angela Dwight for the position of teacher's assistant at Plymouth Elementary School. I've known Angela since 2013 when we met as members of a neighborhood book club. I've always admired her warmth, intelligence, and commitment to being a good person. She would be an excellent assistant teacher and an asset to your school.

Angela and I became close friends over the last six years. I admire her commitment to volunteering every week at a local animal shelter. She has invited to come along on four different occasions and I was impressed with her compassion and hard work in helping these needy animals. I enjoyed participating with her because she inspires me to want to make a difference.

One of Angela's best qualities is that she always wants to help. When I mentioned to her that my doctor suggested I should lose weight, she offered to go on walks with me around the neighborhood. This was very helpful in motivating me to exercise. She also frequently emails me healthy recipes with ingredients she knows I like. Angela is an incredibly generous person who always wants to make a difference for others.

Angela is passionate about teaching and she loves children. She would be an excellent assistant teacher because she is caring, hard-working, and a naturally warm person.

I hope this letter will help you get to know my friend better and that you will give strong consideration to her candidacy. Please contact me with any questions and I would be more than happy to help.

*Sincerely,
Joan Morton*

clear in The Child Catchers adoption has lately become even more entangled in the conservative Christian agenda To tens of millions of evangelicals adoption is a new front in the culture wars a test of pro life bona fides a way for born again Christians to reinvent compassionate conservatism on the global stage and a means to fulfill the Great Commission mandate to evangelize the nations Influential leaders fervently promote a new orphan theology urging followers to adopt en masse with little thought for the families these orphans may already have Conservative evangelicals control much of that industry through an infrastructure of adoption agencies ministries political lobbying groups and publicly supported crisis pregnancy centers which convince women not just to choose life but to choose adoption Overseas conservative Christians preside over a spiraling boom bust adoption market in countries where people are poor and regulations weak and where hefty adoption fees provide lots of incentive to increase the supply of adoptable children recruiting orphans from intact but vulnerable families The Child Catchers is a shocking exposé of what the adoption industry has become and how it got there told through deep investigative reporting and the heartbreaking stories of individuals who became collateral damage in a market driven by profit and now pulpit command Anyone who seeks to adopt of whatever faith or no faith and however well meaning is affected by the evangelical adoption movement whether they know it or not The movement has shaped the way we think about adoption the language we use to discuss it the places we seek to adopt from and the policies and laws that govern the process In The Child Catchers Kathryn Joyce reveals with great sensitivity and empathy why if we truly care for children we need to see more clearly
