

Dear Mr. Smith,

I am pleased to recommend May Williams for the Master's program at State University. May has been a student in many of my classes during the past four years, so I have learned a great deal about her and her abilities, and I know she would do well if given the opportunity to continue her education.

May's determination to succeed has led her to excel in my classes. She consistently gets excellent marks on her homework and tests, and she participates in class regularly. Her knowledge of the Spanish language convinced me to ask her to become a tutor for other students who were struggling with the language—a challenge that she met with great success.

Compared to the other students in class, May's grades have always been at the top. This has led other students in her classes to ask her for help if they do not understand a lesson.

During the years I've known her, May has worked to greatly improve her own confidence in her abilities. This improvement is what made her agree to help tutor other individuals. When students in her own classes began asking her for assistance, her confidence truly began to soar, and it only continues to improve.

Due to her knowledge and great aptitude for learning, May would be an excellent student for the Master's of Spanish program.

Sincerely,  
Aaron Jones
