The brilliant but turbulent life of a public intellectual who transformed the social sciences Robert Bellah 1927 2013 was one

of the most influential social scientists of the twentieth century Trained as a sociologist he crossed disciplinary boundaries in pursuit of a greater comprehension of religion as both a cultural phenomenon and a way to fathom the depths of the human condition *A Joyfully Serious Man* is the definitive biography of this towering figure in modern intellectual life and a revelatory portrait of a man who led an adventurous yet turbulent life Drawing on Bellah's personal papers as well as in depth interviews with those who knew him Matteo Bortolini tells the story of an extraordinary scholarly career and an eventful and tempestuous life He describes Bellah's exile from the United States during the hysteria of the McCarthy years his crushing personal tragedies and his experiments with sexuality Bellah understood religion as a mysterious human institution that brings together the scattered pieces of individual and collective experiences Bortolini shows how Bellah championed intellectual openness and innovation through his relentless opposition to any notion of secularization as a decline of religion and his ideas about the enduring tensions between individualism and community in American society Based on nearly two decades of research *A Joyfully Serious Man* is a revelatory chronicle of a leading public intellectual who was both a transformative thinker and a restless passionate seeker

Meeting the Enemy Natsu Taylor Saito, 2012-06 Since its founding the United States has defined itself as the supreme protector of freedom throughout the world pointing to its Constitution as the model of law to ensure democracy at home and to protect human rights internationally Although the United States has consistently emphasized the importance of the international legal system it has simultaneously distanced itself from many established principles of international law and the institutions that implement them In fact the American government has attempted to unilaterally reshape certain doctrines of international law while disregarding others such as provisions of the Geneva Conventions and the prohibition on torture America's selective self exemption Natsu Taylor Saito argues undermines not only specific legal institutions and norms but leads to a decreased effectiveness of the global rule of law *Meeting the Enemy* is a pointed look at why the United States frequent if selective disregard of international law and institutions is met with such high levels of approval or at least complacency by the American public

Putting It All Together Jeffery W. Galle, Jo K. Galle, 2023-07-14 Thanks to learning science and to the creativity of teaching and learning professionals we know much more about the ways students learn experientially and collaboratively For our courses teaching scholars have identified practices and pedagogies that engage students to collaborate and experience deeper learning Ken Bain has called Super Courses the courses that possess opportunities for learning in the classroom the lab and into the world where experiential learning joins course content The course practices and pedagogies so fundamental to deep learning should also be included in program design both for academics and campus life and even the curriculum itself *Putting it all Together* provides a frame that includes the pedagogies and practices and discussion of the larger contexts within which they can be applied The book also offers more than thirty brief chapters of selected practices applied in individual contexts The authors are faculty members administrators and staff professionals who have developed learning experiences for students

The rationale behind the book is simple embedding the most powerful practices and pedagogies within courses programs and the curriculum calls for every professional at every institution to play a different but equally important role in improving student learning and student success
