Challenge of Darwinism is the first extended meditation on the Jewish engagement with this crucial and controversial theory. The contributors to *Jewish Tradition and the Challenge of Darwinism* from several academic disciplines and two branches of the rabbinate present case studies showing how Jewish discussions of evolution have been shaped by the intersections of faith, science, philosophy and ideology in specific historical contexts. Furthermore, they examine how evolutionary theory has been deployed when characterizing Jews as a race both by Zionists and by anti-Semites. *Jewish Tradition and the Challenge of Darwinism* addresses historical and contemporary as well as progressive and Orthodox responses to evolution in America, Europe and Israel, ultimately extending the history of Darwinism into new religious domains. **SAT Math Level II Test**
