**Basic Relationship and Leadership Strategies** Paul E. Heacock, 2014-03-18 This book is an accurate synthesis of a treasure chest of scholarly work. It is written in an honest and conversational style. It is the product of significant insight. Paul Heacock is indeed a town father who will raise global well-being. Maria Hunt, PhD, Professor of Psychology, Avila University. Paul has a great memory for humorous anecdotes; they bring home the points. Paula Kay W. Kay and Associates. Very well written and extremely easy to understand and implement. To me, this is the BASIC training for life skills and reminds me in many ways of my experience in military basic training. If we wanted to survive basic, all of the trainees in my flight had to work together or suffer the consequences, meaning we had to put our differences aside and make it work. Danny Walker, Chief Master Sergeant, retired Air National Guard. I enjoyed reading this book. It reminded me of concepts I had forgotten and I also learned some new things. I really liked the examples and good use of humor and anecdotes. Jim Temme, Author, Trainer, Speaker, and Consultant. It was a pleasure reading BASIC Leadership and Relationship Strategies and giving thought to the excellent content. The examples and stories really add clarity and color to the material. Dave Wine, President and CEO, MutualAid eXchange. This labor of love is very thought-provoking and right on point. An excellent job capturing the core of leadership development. Bob Gibson, President and CEO, retired Medical Protective. This is a great summary of Paul's life, what he has learned, how he actually lives. Indeed, it's a great reflection on a life well-lived. A good guide for all. Cary Phillips, President and Founder, CP1 Consulting, LCC. Enjoy the read. If you're young, applying these concepts can immediately better your life and relationships. If you are in the middle of your working life, application of these ideas will make the remainder of your career and relationships more fulfilling. Even if you're mature like Paul and me, applying these great ideas to your relationships will significantly enhance the golden years. Dale Hotze, Managing Director, AFM International. A readily comprehensible how-to for managing others but as importantly, managing oneself. Contains wisdom anyone can access whether one plans on becoming a leader of industry or just a better counselor, teacher, or parent. US Review of Books.

**PJ Harvey and Music Video Performance** Abigail Gardner, 2016-03-09 PJ Harvey's performances are premised on the core contention that she is somehow causing trouble Just how this trouble can be theorised within the context of the music video and what it means for a development of the ways we might conceptualise disruption and think about music video lies at the heart of this book Abigail Gardner mixes feminist theory and critical models from film and video scholarship as a rich means of interrogating Harvey's work and redefining her disruptive strategies The book presents a rethinking of the masquerade that allies it to cultural memory precipitated by Gardner's claim that Harvey's performances are conversations with the past specifically with visualised memories of archetypes of femininity Harvey's masquerades emerge from her conversations and renegotiations with both national and transatlantic musical visual and lyrical heritages It is the first

academic book to present analysis of Harvey's music videos and opens up fresh avenues into exploring what is at stake in the video work of one of Britain's premier singer songwriters. It extends the discussion on music video to consider how to make sense of the rapidly developing digital environment in which it now sits. The interdisciplinary nature of the book should attract readers from a range of subject areas including popular music studies, cultural studies, media and communication studies and gender studies.

**Superheroes of the Round Table** Jason Tondro, 2011-10-14 Few scholars nursed on the literary canon would dispute that knowledge of Western literature benefits readers and writers of the superhero genre. This analysis of superhero comics as Romance literature shows that the reverse is true: knowledge of the superhero romance has something to teach critics of traditional literature. Establishing the comic genre as a cousin to Arthurian myth, Spenser and Shakespeare, it uses comics to inform readings of *The Faerie Queene*, *The Tempest*, Malory's *Morte* and more, while employing authors like Ben Johnson to help explain comics by Alan Moore, Jack Kirby and Grant Morrison, and characters like Iron Man, the Hulk, the X-Men and the Justice League. Scholars of comics, medieval and Renaissance literature alike will find it appealing.
