Chris van Wyk – Irascible Genius Kevin van Wyk, 2024-07-01 When he died in 2014 author Chris van Wyk left behind an impressive literary legacy The scope of his work was broad poetry children s books short stories and biographies But perhaps he is best remembered for his memoir *Shirley Goodness Mercy* which chronicles his growing up in Riverlea and introduces us to the colourful characters who helped to shape his life and inform the stories he wrote The public persona of this witty and wise raconteur was well known but behind it was a family man who liked nothing better than to spend time with his two sons Kevin and Karl his wife and childhood sweetheart Kathy and the friends and family who were his primary sources of inspiration Using the unique vantage point of oldest son Kevin van Wyk s astute observations of his father and the strong bond they enjoyed throughout Chris s life have resulted in a memoir that is as affectionate as it is entertaining In taking us behind the scenes into the Van Wyk household we witness the inner workings of the mind of a storyteller from the flowering of his father s activism wit and wisdom to the sources of his occasional quirky outbursts If storytelling runs in the genes Kevin may just be proof that his father s spirit lives on *Writing in South Africa After the End of Apartheid and Other Essays* Claude Féral, 2002 *The Companion to African Literatures* G. Creating Books for the Young in the New South Africa Barbara A. Lehman, Jay Heale, Anne Hill, 2014-10-01 This collection of essays analyzes the work of 29 authors and illustrators South African children s and youth literature has a long

history The country is the most prolific publisher of children's books on the continent producing perhaps the highest quality literature in Africa Its traditions resonate within the larger world of children's literature but are solidly grounded in African myth and archetypes The African diaspora in the U S and elsewhere have stories rooted in these oral traditions Much has changed in South African literature for children since the 1994 transformation of the country A field once dominated by all white and mostly female writers and illustrators has diversified adding many new voices *Shirley, Goodness and Mercy* Chris van Wyk, 2015-04-01 Shirley Goodness Mercy is a heart warming yet compellingly honest story about a young boy growing up in Newclare Coronationville and Riverlea during the apartheid era Despite Van Wyk's later becoming involved in the struggle this is not a book about racial politics Instead it is a delightful account of one boy's special relationship with the relatives friends and neighbours who made up his community and of the important coping role laughter and humour played during the years he spent in bleak and dusty townships In Shirley Goodness Mercy Chris van Wyk poet novelist and short story writer had created a truly remarkable work at once both thought provoking and vastly entertaining *Sol Plaatje* Chris Van Wyk, 2003 **Trauma, Memory, and Narrative in the Contemporary South African Novel**, 2012-01-01 The contributions to this volume probe the complex relationship of trauma memory and narrative By looking at the South African situation through the lens of trauma they make clear how the psychic deformations and injuries left behind by racism and colonialism cannot be mended by material reparation or by simply reversing economic and political power structures Western trauma theories as developed by scholars such as Caruth van der Kolk Herman and others are insufficient for analysing the more complex situation in a postcolony such as South Africa This is because Western trauma concepts focus on the individual traumatized by a single identifiable event that causes PTSD Post Traumatic Stress Disorder What we need is an understanding of trauma that sees it not only as a result of an identifiable event but also as the consequence of an historical condition in the case of South Africa that of colonialism and more specifically of apartheid For most black and coloured South Africans the structural violence of apartheid's laws were the existential condition under which they had to exist The living conditions in the townships pass laws relocation and racial segregation affected great parts of the South African population and were responsible for the collective traumatization of several generations This trauma however is not an unclaimed and unclaimable experience Postcolonial thinkers who have been reflecting on the experience of violence and trauma in a colonial context writing from within a Fanonian tradition have on the contrary believed in the importance of reclaiming the past and of transcending mechanisms of victimization and resentment so typical of traumatized consciousnesses Narration and the novel have a decisive role to play here **The Christian Intelligencer and Mission Field**, 1923 *South African Journal of Labour Relations*, 1990 **The Columbia Guide to South African Literature in English Since 1945** Gareth Cornwell, Dirk Kloppe, Craig MacKenzie, 2010 From the outset South Africa's history has been marked by division and conflict along racial and ethnic lines From 1948 until 1994 this division was formalized in the National Party's policy of

apartheid Because apartheid intruded on every aspect of private and public life South African literature was preoccupied with the politics of race and social engineering Since the release from prison of Nelson Mandela in 1990 South Africa has been a new nation in the making inspired by a nonracial idealism yet beset by poverty and violence South African writers have responded in various ways to Njabulo Ndebele's call to rediscover the ordinary The result has been a kaleidoscope of texts in which evolving cultural forms and modes of identity are rearticulated and explored An invaluable guide for general readers as well as scholars of African literary history this comprehensive text celebrates the multiple traditions and exciting future of the South African voice Although the South African Constitution of 1994 recognizes no fewer than eleven official languages English has remained the country's literary lingua franca This book offers a narrative overview of South African literary production in English from 1945 to the postapartheid present An introduction identifies the most interesting and noteworthy writing from the period Alphabetical entries provide accurate and objective information on genres and writers An appendix lists essential authors published before 1945
