Committee on Education and Labor,1967 *On the Fast Track: Understanding the Opportunities and Challenges of Dual Credit: ASHE Higher Education Report, Volume 42, Number 3* Barbara F. Tobolowsky,Taryn Ozuna Allen,2016-03-29 The dual credit curricular initiative offers high school students the opportunity to earn college and high school credits simultaneously without taking a standardized test to acquire the credit The courses are purported to introduce students to a more rigorous curriculum in high school and save them time and money in their pursuit of college degrees Dual credit programs have grown rapidly and this monograph provides a synthesis of the scholarly literature on dual credit offered at high school and a variety of postsecondary settings underrepresented students experiences with the course s and suggestions for future research and drivers that will influence its development Originally these initiatives focused on high achieving students but additional models have emerged that expand the benefits to lower and middle achieving students as well This is the third issue of the 42nd volume of the Jossey Bass series ASHE Higher Education Report Each monograph is the definitive analysis of a tough higher education issue based on thorough research of pertinent literature and institutional experiences Topics are identified by a national survey Noted practitioners and scholars are then commissioned to write the reports with experts providing critical reviews of each manuscript before publication Lean Six Sigma in Service Sandra L. Furterer,2016-04-19 In real life data is messy and doesn t always fit into normal statistical distributions This is especially true in service industries where the variables are well variable and directly related to and measured by the constantly changing needs of customers As the breadth and depth of tools available has increased across the integrated Lean Six S *Choosing Students* Wayne Camara,Ernest W. Kimmel,2005-03-23 This volume brings a variety of perspectives to bear on the issue of how higher education institutions can or should choose students during the early part of the 21st century Many of the contributors report on research to develop and validate potential tools to assist those responsible for admission decisions Other contributors however pose broader questions about the nature of selective admissions about institutional responses to the changing demography of those seeking to enter higher education or about the appropriate criteria of success in higher education The volume is particularly timely because the question of how changes in admission tools and processes will affect campus diversity following the recent Supreme Court decision concerning the University of Michigan Diversity is an important concern of all of the contributors and the chapter by Lee Bollinger President at Michigan at the time the court cases were filed is particularly relevant This book brings together the research that underlies a variety of proposed approaches to improving the selection of students Providing support for the integrity of the admissions process and the validity of new tools to help a higher education institution to select a diverse student body this book explores the implications of the assessment component of K 12 school

reform for higher education admissions practices The diverse contributions to this volume reflect the current ferment in educational research and educational practice as institutions of higher education seek to develop a new admissions paradigm for coming decades following the University of Michigan decisions This book is intended for those leaders and professionals who set admission policies and practices in American colleges and graduate and professional schools as well as for those scholars and scientists who research develop and validate tools for use in the process of choosing students in ways that are congruent with an institution s mission values and goals
