Order of the Golden Dawn and P D Ouspensky this compelling survey of the Tarot s history describes the many fascinating decks imagined over time as well as the secret histories of mystics Transhumanism David Livingstone,2015-09-02

Transhumanism is a recent movement that extols man s right to shape his own evolution by maximizing the use of scientific technologies to enhance human physical and intellectual potential While the name is new the idea has long been a popular theme of science fiction featured in such films as 2001 A Space Odyssey Blade Runner the Terminator series and more recently The Matrix Limitless Her and Transcendence However as its adherents hint at in their own publications transhumanism is an occult project rooted in Rosicrucianism and Freemasonry and derived from the Kabbalah which asserts that humanity is evolving intellectually towards a point in time when man will become God Modeled on the medieval legend of the Golem and Frankenstein they believe man will be able to create life itself in the form of living machines or artificial intelligence Spearheaded by the Cybernetics Group the project resulted in both the development of the modern computer and MK Ultra the CIA s mind control program MK Ultra promoted the mind expanding potential of psychedelic drugs to shape the counterculture of the 1960s based on the notion that the shamans of ancient times used psychoactive substances equated with the apple of the Tree of Knowledge And as revealed in the movie Lucy through the use of smart drugs and what transhumanists call mind uploading man will be able to merge with the Internet which is envisioned as the end point of Kabbalistic evolution the formation of a collective consciousness or Global Brain That awaited moment is what Ray Kurzweil a director of engineering at Google refers to as The Singularity By accumulating the total of human knowledge and providing access to every aspect of human activity the Internet will supposedly achieve omniscience becoming the God of occultism or the Masonic All Seeing Eye of the reverse side of the American dollar bill **Initiation in the Aeon of the Child** J. Crowley's image of the Master Magickian The Way of Deep Magick explores Crowley's inspirational works The Book of the Law and The Holy Books unearthing the magical formulae found within them It also looks at Crowley's central practice of the Mass of the Holy Ghost These works are linked to the traditions of the Divine Name and the ancient tradition of the Tree and the Fountain the Moon and the Mountain Central to the book is the communion with the mysterious presence of the Holy Guardian Angel which leads us through the reactive and restrictive patterns of the past establishes us in pure presence and enables us to bridge between dualistic existence and the experience of non dual states of consciousness which unite Love Will and the simple and direct experience of Being The book concludes by considering the mystery of embodying the generative star of will and uniting with and being upheld by the serpent of deep imagination or in other words becoming the Servant of the Star and Snake
