**Fragments of a Lost Homeland** Armen T. Marsoobian,2015-03-13 The Armenian world was shattered by the 1915 genocide Not only were thousands of lives lost but families were displaced and the narrative threads that connected them to their own past and homelands were forever severed Many have been left with only fragments of their family histories a story of survival passed on by a grandparent who made it through the cataclysm or if lucky an old photograph of a distant silent ancestor By contrast the Dildilian family chose to speak Two generations gave voice to their experience in lengthy written memoirs in diaries and letters and most unusually in photographs and drawings Their descendant Armen T Marsoobian uses all these resources to tell their story and in doing so brings to life the pivotal and often violent moments in Armenian and Ottoman history from the massacres of the late nineteenth century to the final expulsions in the 1920s during the Turkish War of Independence Unlike most Armenians the Dildilians were allowed to convert to Islam and stayed behind while their friends colleagues and other family members perished in the death marches of 1915 1916 Their remarkable story is one of survival against the overwhelming odds and survival in the face of peril

**Chicken** Paul R. Josephson, 2020-05-19 Why has the chicken become the meat par excellence the most plentifully eaten and popular animal protein in the world consumed from Beijing to Barcelona As renowned historian Paul Josephson shows the story of the chicken's rise involves a whole host of factors from art to nineteenth century migration patterns to cold war geopolitics And whereas sheep needed too much space or the cow was difficult to transport these compact lightweight birds produced relatively little waste were easy to transport and could happily peck away in any urban back garden Josephson tells this story from all sides the transformation of the chicken from backyard scratcher to hyper efficient industrial meat product has been achieved due to the skill of entrepreneurs who first recognized the possibilities of chicken meat and the gene scientists who bred the plumpest and most fertile birds But it has also been forced through by ruthless capitalists and lobbyists for big farmer at the expense of animal welfare and the environment With no sign of our lust for chicken abating we're now reaching a crisis point billions of birds are slaughtered every year after having lived lives that are nasty brutish and short The waste from these victims is polluting rivers and poisoning animals We're now plunging egg first into environmental disaster Alongside this story Josephson tells another of an animal with endearing characteristics who arguably can lay claim to being man's best friend long before the dog reared its snout or the cat came in from the cold Lionized in medieval romances and modern cartoons the chicken's relationship to humanity runs deep by treating these animals as mere food products we become less than human

**The Hip Hop Movement** Reiland Rabaka, 2013-04-04 The Hip Hop Movement offers a critical theory and alternative history of rap music and hip hop culture by examining their roots in the popular musics and popular cultures of the Civil Rights Movement and Black Power Movement Connecting classic rhythm blues and rock roll to the Civil Rights Movement and classic soul and funk to the Black Power Movement The Hip Hop Movement explores what each of these musics and movements contributed to rap neo soul hip hop culture and the broader Hip Hop Movement Ultimately this book's remixes as opposed to chapters reveal that black popular music and black popular culture have always been more than merely popular music and popular culture in the conventional sense and reflect a broader social political and cultural movement With this in mind sociologist and musicologist Reiland Rabaka critically reinterprets rap and neo soul as popular expressions of the politics social visions and cultural values of a contemporary multi issue movement the Hip Hop Movement Rabaka argues

that rap music hip hop culture and the Hip Hop Movement are as deserving of critical scholarly inquiry as previous black popular musics such as the spirituals blues ragtime jazz rhythm blues rock roll soul and funk and previous black popular movements such as the Black Women s Club Movement New Negro Movement Harlem Renaissance Civil Rights Movement Black Power Movement Black Arts Movement and Black Women s Liberation Movement This volume equal parts alternative history of hip hop and critical theory of hip hop challenges those scholars critics and fans of hip hop who lopsidedly over focus on commercial rap pop rap and gangsta rap while failing to acknowledge that there are more than three dozen genres of rap music and many other socially and politically progressive forms of hip hop culture beyond DJing MCing rapping beat making break dancing and graffiti writing

**Resolution Way** Carl Neville,2016-06-21 A financially comfortable but troubled young London author Alex Hargreaves stumbles across the work of an unknown writer from the early 1990s Vernon Crane and presuming the missing Crane is dead decides to pass the work off as his own The problem is that the novel he wishes to plagiarize has been split among Crane s disparate and scattered group of friends all of whom twenty years later are struggling with the demands of a life in a Britain in which current trends toward inequality and the concentration of political power have accelerated Hargreave s mission to track down Crane s work sets in motion a series of encounters alternately tragic redemptive and liberating and threatens to destroy Hargreaves own world in the process Combining the best elements of a literary thriller and speculative fiction Resolution Way is a bleakly humorous satire on contemporary Britain a meditation on the power of the past the forces that shape our lives and the ways in which the possibility of the miraculous still remains

*Myth and Identity in the Martial Arts* Creating the Dragon is a study of the role of myth and ideology in the formation of social identity focusing on a variety of communities of practice involving the martial arts in East Asian and Western history Alexis McLeod argues that myths of the martial arts should not be understood as falsehoods created as means of legitimizing modern practices but should instead be understood as narratives that enable individuals and communities to formulate social identities and to accord meaning to their practices This book covers six influential sources of myth and identity formation in the history of martial arts early Chinese and Indian philosophy the formation bushido thought in the Edo period of Japan Republican era Chinese conceptions of nationhood and physical culture Western contributions and the innovations of Bruce Lee African American conceptions of martial arts as a response to oppression in the twentieth century and the contemporary ideologies of mixed martial arts

*Bargain Fever* Mark Ellwood, 2014-09-30 A spirited investigation into the world of bargain hunting and how shoppers and sellers try to one up each other from the haggling bazaars of Istanbul to Black Friday at a mall in upstate New York to pinnacles of global luxury such as Hermes and Louis Vuitton *The Vampires of Africa* Herb Cunningham, 2013-04-17

More than ten thousand years ago a race called the Bitalo conquered the continent of Africa They were something like vampires something like African vampires There is a quite a bit of sunshine in Africa Do you know what that means It means that the African vampires do not fear the sun It means that the sun cannot save you from an African vampire There are African vampires in the United States They came to this country during the slave trade Most of them look like ordinary African American people but there are Bitalos in every race African vampires do not like blood that much To them it is like milk good for their health Some call them cannibal vampires or ghoulish vampires because their main food is people They like their food prepared in many ways fried baked barbequed and ground like hamburgers There are quite a few African vampires in the

United States Now they are planning to take over the United States Somebody has got to stop them John Irungu has killed quite a few Bitalos but he is a very old man now and he is becoming senile Also there would seem to be very few Irungu Knights left But John Irungu has a much younger friend named John David Hunter also known as the Preacher The preacher just might be a natural born Irungu Knight He just might be the Chosen One Bitalo prophecy warns them of the coming of a man who could destroy them He would be a descendant of Curtis Jore the man of war the man who destroyed their ancient vampire Could this preacher be the Chosen One Plays ,1984
