New Exploring Psychology Ninth Edition In Modules:

Exploring Psychology in Modules David G. Myers, C. Nathan DeWall, 2016-01-01 The new edition of Exploring Psychology in Modules offers outstanding currency on the research practice and teaching of psychology Myers and DeWall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice Their presentation is based on the same guiding principles behind the entire family of textbooks that have made David Myers the world's bestselling introductory psychology author Facilitate learning by teaching critical thinking and helping students at every step Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts Make sure students come away with an appreciation of psychology's big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us This Exploring Psychology in Modules is the first to include Myers handpicked co author Nathan DeWall shares Myers belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content think critically and prepare for a lifetime of learning and living The extraordinary longtime Myers ancillary author team is also here a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements The high quality that consistently sets Myers ancillaries apart sees a new incarnation in LaunchPad This course space organizes all the book's digital resources in an online format that makes it easier for instructors to teach track and assess their students This text offers the content organized in 45 student friendly modules assignable in any sequence and brief enough to be read in one sitting Students digest material better when they process it in smaller chunks as spaced rather than massed practice and instructors often appreciate the flexibility of assigning any modules in any order

Exploring Psychology, Eighth Edition, In Modules

David G. Myers, 2010-07-08 Exploring Psychology Eighth Edition in Modules is the modular version of the 1 bestselling brief introduction to psychology David Myers's Exploring Psychology All the Myers hallmarks are here the captivating writing coverage based on the latest research helpful pedagogical support in a format that delivers the utmost in student accessibility and teaching flexibility

Psychology in Modules David G. Myers, C. Nathan DeWall, 2015-01-12 In this version of Psychology Twelfth Edition David Myers and Nathan DeWall break down the new edition's 16 chapters into 53 modules assignable in any sequence and brief enough to be read in one sitting It's a format favored by a wide range of students and instructors one that's supported by substantial research showing that students working with shorter reading assignments develop a deeper understanding of the material The new edition of Modules includes the same new features and content of Psychology Twelfth Edition including hundreds of new citations and new infographics And like Psychology Twelfth Edition is more than ever a fully integrated text media learning package with the modular edition's LaunchPad now featuring dozens of new Concept Practice activities

Exploring Psychology (Paper) David G. Myers, 2012-11-02 The new ninth edition merges the rigor of science with a broad human perspective to provide a state of the art introduction to psychology From

vivid presentation and intense attention to detail to research based study aids and media learning tools the inviting authorial voice of David Myers speaks to the life experiences of all students **Exploring Psychology, Sixth Edition, in Modules**

David G. Myers, 2004-12-07 The success of the modular version of David Myers's bestselling brief text *Exploring Psychology* proves the author's longheld belief supported by independent research that for a number of students a text comprised of 45 15 page chapters is more effective than one of 15 45 page chapters *Exploring Psychology Sixth Edition in Modules* includes all the features and up to date content of the current edition of *Exploring Psychology* organized into 45 modules It is accompanied by its own expansive variety of media and supplements similar to the *Exploring Psychology* package also reorganized to match the modular format This is NOT a brief version of *Psychology Seventh Edition in Modules* Rather this text is a MODULARIZED version of *Exploring Psychology Sixth Edition* **Exploring Psychology in Modules** David G.

Myers, C. Nathan DeWall, 2018-10-12 Do you want your students to engage with and retain psychology's key principles and to work toward becoming better students and better people in the process The modular version of the best selling *Exploring Psychology* offers creative ways to help make it happen The new edition of *Exploring Psychology in Modules* offers outstanding currency on the research practice and teaching of psychology Myers and DeWall inspire students with fascinating findings and applications effective new study tools and technologies and a compassionate and compelling storytelling voice Their presentation is based on the same guiding principles that made David Myers the world's bestselling introductory psychology author Facilitate learning by teaching critical thinking and helping students at every step Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts Make sure students come away with an appreciation of psychology's big ideas and with a deeper respect for humanity what drives us distinguishes us unifies us Scientific American Explores the Hidden Mind Scientific American, 2002-05-15 Free when

packaged with any Worth text This special collector's edition features articles that reveal the mysterious inner workings of mind and brain *Psychology In Modules* David G. Myers, 2009-09-28 This version of the main text breaks down the chapters into shorter modules for more accessibility The smaller chunks allow students to better grasp and explore psychological concepts The modules also allow more flexibility in teaching as cross references to other chapters have been replaced with brief explanations *Study Guide to Accompany David G. Myers Exploring Psychology in Modules, Ninth Edition* Richard Otto Straub, 2014 **Psychology In Modules (Spiral)** David G. Myers, 2009-09-28 Why Myers David Myers

has become the world's best selling introductory psychology author by serving the needs of instructors and students so well Each Myers textbook offers an impeccable combination of up to date research well crafted pedagogy and effective media and supplements Most of all each Myers text demonstrates why this author's style works so well for students with his signature compassionate companionable voice and superb judgment about how to communicate the science of psychology and its human impact Why Modules This modules based version of Myers best selling full length text *Psychology* breaking down that

book's 16 chapters into 59 short modules is yet another example of the author's ability to understand what works in the classroom. It comes from Myers' experiences with students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters and with instructors who appreciate the flexibility offered by the modular format. Modular organization presents material in smaller segments. Students can easily read any module in a single sitting. Self-standing modules. Instructors can assign modules in their own preferred order. The modules make no assumptions about what students have previously read. Illustrations and key terms are repeated as needed. This modular organization of short stand-alone text units enhances teacher flexibility. Instead of assigning the entire Sensation and Perception chapter, instructors can assign the module on vision, the module on hearing, and/or the module on the other senses in whatever order they choose. Watch our new videos from David Myers here including our animation on THE TESTING EFFECT narrated by David Myers. **Exploring Psychology, Sixth Edition, in Modules Study Guide** Richard O. Straub, 2004-12-06 For every major content section, longtime author Richard Straub has divided each module by major topic; each section includes a Preview, objectives that require short answers, and Stepping Through the Section, which include detailed fill-in-the-blank questions. The Study Guide also includes self-tests, critical thinking exercises, vocabulary and language activities, Internet activities, and crossword puzzles.

Psychology, Seventh Edition, in Modules David G. Myers, 2004-06 **Psychology, Seventh Edition, in Modules (spiral)** David G. Myers, 2003-09-22 This breakthrough iteration of David Myers' best-selling text breaks down the introductory psychology course into 55 brief modules. *Psychology, Sixth Edition in Modules* David G. Myers, 2001-07 The hardcover spiral-bound edition of Myers' new modular version of Psychology, 6e. *Exploring Psychology* David G. Myers, C. Nathan DeWall, 2016-01-04 The new edition of Exploring Psychology offers outstanding currency on the research practice and teaching of psychology. Myers and DeWall inspire students with fascinating findings and applications, effective new study tools and technologies, and a compassionate and compelling storytelling voice. Their presentation is based on the same guiding principles behind the entire family of textbooks that have made David Myers the world's bestselling introductory psychology author: Facilitate learning by teaching critical thinking and helping students at every step. Present psychology as a science emphasizing the process of inquiry and putting facts in the service of concepts. Make sure students come away with an appreciation of psychology's big ideas and with a deeper respect for humanity. What drives us, distinguishes us, unifies us. This Exploring Psychology is the first to include Myers' handpicked co-author Nathan DeWall, who shares Myers' belief that instilling a sense of curiosity and inquiry about psychological science is an effective way to help students navigate the content, think critically, and prepare for a lifetime of learning and living. The extraordinary longtime Myers ancillary author team is also here, a group whose teamwork consistency and commitment again sets the industry standard for instructor and student supplements. The high quality that consistently sets Myers' ancillaries apart sees a new incarnation in LaunchPad. This course space organizes all the book's digital resources in an online format that makes it easier for instructors to teach, track,

and assess their students *Psychology Catalog 2005* Neil Thomson,2004-09 **Exploring Psychology** David G. Myers,2002-10-22 From his experience as an author and teacher David Myers has concluded that students digest material more easily when it is presented in smaller chunks Ask students whether they would prefer a 600 page book to be organized as fifteen 40 page chapters or as forty 15 page chapters and their answers will approach a consensus students prefer shorter chapters And research on learning strategies supports this preference chunked material is more easily digested Responding to student preference and learning research Myers has created a modular version of his best selling brief introductory text *Exploring Psychology* *Exploring Psychology Fifth Edition in Modules* reorganizes the 15 chapters of *Exploring Psychology Fifth Edition* into 40 short chapters or modules The modular organization offers instructors more freedom to pick and choose from a smorgasbord of topics Instead of deciding whether to assign the whole chapter on consciousness instructors can simply assign the module on sleep and dreams the module on hypnosis and or the module on drugs and behavior Given that each module stands alone and is not dependent upon the content found in other modules instructors can also choose to cover the modules in any order they please Featuring the latest research and teaching innovations Myers new text reflects the author s continuing drive to discover the most effective way to communicate psychology s major ideas to an uninitiated audience Note *Exploring Psychology Fifth Edition in Modules* is now available saleable in two different saleable versions a A hardcover spiralbound text similar in structure to the spiralbound Myers in Modules b A perfectbound paperback text The features that have made David Myers introductory psychology textbooks such phenomenal successes compelling narrative critical thinking theme superior design are all present in *Exploring Psychology Fifth Edition in Modules* The way those hallmark features are presented is different This is NOT a brief version of *Psychology Myers in Modules Sixth Edition* Rather this new text is a Modularized version of *Exploring Psychology Fifth Edition* Therefore it enjoys all of the hallmark features of *Exploring Psychology Fifth Edition* SQ3R pedagogical system terrific writing and briefer coverage of key topics It is in fact the same writing content as can be found in *Exploring Psychology Fifth Edition* just with a different organization

Psychology in Modules David G. Myers,2000-07 Available now Sixth Edition combines Myers genuine love of communicating the field s major ideas to an uninitiated audience with new pedagogical tools including cutting edge technology for teaching and learning *Exploring Psychology* David G. Myers,2009-12-25 This edition contains the following changes Hundreds of new research citations representing the most exciting and important new discoveries in our field Organizational changes based on changes in the field For example the heavily revised consciousness modules now follow the neuroscience modules and are titled *Consciousness* and the *Two Track Mind* to reflect the dual processing and cognitive neuroscience themes Fine tuned writing with countless small and large improvements in the way concepts are presented supported by the input and creative ideas of hundreds of contributing instructors students and friends A sharp new art program that teaches more effectively Continually improving coverage of cultural and gender diversity issues
