Netherlands on the subject of The Quality of European and National Legislation and the Internal Market The present publication comprises the proceedings and conclusions of this timely conference which was organized by the T M C Asser Instituut The Hague on behalf of the Ministries of Justice and Economic Affairs of The Netherlands and the European Commission The objective of the conference was to suggest ways of improving the legislation in the European Union against the background of the common market The quality of the drafting of Community legislation is crucial if it is to be properly implemented by competent national authorities and better understood by the public and in business circles The conference focused on European legislation and on national legislation in the Member States Representatives of the European Union the governments the academic world industry and consumer organizations gave their views of and commented on the three main themes of the conference I the experiences on European and national level regarding the judicial quality of legislation II simplification of existing legislation and III assessment of draft legislation The updated and revised versions of their studies and comments are published in the present book During the final session of the conference current initiatives in the field of improving the quality of legislation were reviewed e g on consolidation codification guidelines and deregulation The main findings of the conference were brought to the attention of the Internal Market Council and the IGC as a preparation of the European Council of Amsterdam 16 17 June 1997 where the Draft Treaty of Amsterdam was concluded Many of the conference findings and suggestions were repeated in the documents of the Draft Treaty In addition to the above mentioned contributions the book contains i a valuable methodical digest of the conference including a closer evaluation of the Draft Treaty of Amsterdam and ii a summing up of the results of the important debate by Professor L J Brinkhorst European Parliament Strasbourg Brussels The book is also enriched by relevant documentation in the field New Serial Titles ,1998 A union list of serials commencing publication after Dec 31 1949 **Talking to Strangers** Monteagle Stearns,2021-05-11 In this discerning book Monteagle Stearns a former career diplomat and ambassador argues that U S foreign policymakers do not need a new doctrine as some commentators have suggested but rather a new attitude toward international affairs and most especially new ways of learning from the Foreign Service True the word strangers in his title refers to foreigners However it also refers to American foreign policymakers and American diplomats whose failure to speak each other s language deprives American foreign policy of realism and coherence In a world where regions have become more important than blocs and ethnic and transnational problems more important than superpower rivalries American foreign policy must be better informed if it is to be more effective The insights required will come not from summit meetings or television specials but from the firsthand observations of trained Foreign Service officers Stearns has not written an apologia for the American Foreign Service however Indeed his criticism of many of its weaknesses is biting Ranging from a description of Benjamin Franklin s mission to France to an analysis of the Gulf War and its aftermath he offers a balanced critique of how American diplomacy developed in reaction to European models and how it needs to be changed to satisfy the demands of the twenty

first century Full of examples drawn from Stearns s extensive experience Talking to Strangers addresses the problems that arise not only from an overly politicized foreign policy process but also from excessive bureaucratization and lack of leadership in the Foreign Service itself Anyone interested in our nation s future will benefit from reading Stearns s pull no punches analysis of why improving American diplomacy should be a matter of urgent concern to us all
