The Unmarried Mother Sheila Tofield, 2013-03-28 Sheila Tofield tells her moving true story about being a single mother in 1950s Britain in *The Unmarried Mother* A searing honest testimony Lesley Pearse Sheila grew up in Rotherham the daughter of an uncaring mother who made her believe she was useless stupid and most painfully of all unlovable As a young woman her worst

childhood fears were confirmed when her fiancé broke off their engagement without an explanation. Heartbroken and vulnerable, Sheila was easy prey to the worst type of man, a man who turned his back on her when she told him she was carrying his child. In Fifties Britain, an unmarried pregnant girl received not sympathy but censure and contempt. Shunned by most of her family, Sheila ended up in a Church of England home for unmarried mothers with no apparent alternative than to give up her child for adoption. But when she held her newborn daughter in her arms for the first time, Sheila knew she had to do the unthinkable: bring up her baby on her own in a society that would condemn her for it. Sheila Tofield is a proud grandmother living in Chichester, and *The Unmarried Mother* is her first book. Her touching story was picked up by Penguin when she entered the hugely successful life story competition with *Saga Magazine*. **A Passion for Justice** Kerry Breen, 2022-04-29. Vernon D Plueckhahn was for many years Australia's most prominent forensic pathologist. His expertise was central in correcting some of Australia's worst miscarriages of justice, most notably the wrongful 1982 conviction of Lindy Chamberlain for murder. This book traces his life, from first serving on a hospital ship for four years in World War II, then becoming a doctor, and then from a small base as the first pathologist at Geelong Hospital, becoming known nationally and internationally. He led the way in forensic pathology in research, for example, to validate autopsy measurement of blood alcohol, and then linking alcohol misuse and drowning. He was instrumental in transforming the small regional hospital of Geelong into a leading academic centre. He steered the Royal College of Pathologists of Australasia through turbulent times in the 1970s. His achievements were quite remarkable, with the greatest being the formation of the Victorian Institute of Forensic Medicine, which is now a world-leading institution.
