

Introduction

In this test booklet you'll find:

- an Entry test
- a test for each File of *New English File Pre-intermediate*
- an End-of-course test

The Entry test

The Entry test is an optional test which covers some of the key Grammar and Vocabulary points from *New English File Pre-intermediate*. If you feel your class are at quite a low level, look out for the **Extra support** ideas in the Teacher's Book. If they are stronger, look out for the **Extra challenge** ideas.

The A and B tests

There are two versions (A and B) of each File test and the End-of-course test, except the Speaking tests, which are designed for students to do in pairs. To prevent students from copying each other, make sure that a student with an A test is sitting next to a student with a B test. The two tests cover exactly the same material, but the questions have been changed and reorganized to make it almost impossible for students to copy answers. If copying isn't a problem with your class, you can just use the A tests.

The skills tests include KET-type exercises which reflect the format of the KET exam.

Listening tests

All the Listening tests re-use listenings from the Student's Book. Some students may remember the contexts of the listenings, but they are very unlikely to remember the detail, and the listening exercises are KET-type tasks which are different from the tasks that students have already done.

The Listening numbers  are indicated in the Answer key.

Answer key

The Answer key for the tests starts on page 72.

All the Tests consist of:

- Grammar, Vocabulary, and Pronunciation
- Reading and Writing
- Listening and Speaking
- Total score

<input type="checkbox"/>	50
<input type="checkbox"/>	25
<input type="checkbox"/>	25
<input type="checkbox"/>	100

If you do the Grammar, Vocabulary, and Pronunciation test but not Reading, Writing, Listening, or Speaking, double your students' marks to give a total score out of 100, e.g.

Grammar, Vocabulary, Pronunciation mark

38	50
----	----

Total score out of

76	100
----	-----

If you do the Grammar, Vocabulary, Pronunciation test and Reading and Writing, but not Listening or Speaking, double your students' Reading and Writing marks to give a percentage, e.g.

Grammar, Vocabulary, Pronunciation mark

38	50
----	----

Reading and Writing mark

18/25 =

36	50
----	----

Total score out of

74	100
----	-----

These tests may be photocopied freely for classroom use. They may not be adapted, printed, or sold without the permission of Oxford University Press.

It investigates problematic practices in language testing which are relevant to language test users such as language program directors, testing centers and language teachers as well as teachers in training in Graduate Diploma and Master of Arts in Applied Linguistics programs. These issues involve aspects of language testing such as test development, test administration, scoring and interpretation, use of test results. Chapters in this volume discuss insights about language testing policy, testing world languages, developing program level language tests and tests of specific language skills and language assessment literacy. In addition, this book identifies two needs in language testing for further examination: the need for collaboration between language test developers, language test users and language users and the need to base language tests on real world language use.

Success on your Certificate Course in English Language Teaching Caroline Brandt, 2006-07-04 Extremely comprehensive and well written in terms of style, accessible to the reader but intelligent and expressing some fairly subtle concepts. Would that more ELT practitioners could do the same. Certainly a good read for those thinking about and also those engaged in initial training or even post initial training stage. Jenny Pugsley, Head of TESOL, Trinity College London. It's essential reading whether you are simply curious about what is involved in training in ELT, need advice on choosing the right course, have already enrolled and want to make the most of your course or are a new teacher just starting out. It's a book I wish I'd had when I was starting out in my ELT career and that I wish had been available to many of the course participants. I

have tutored Lyn Strutt ELT author and Chair of the British Council Families Association Each year thousands of people all over the world take one of the hundreds of available short pre service courses that lead to the award of a certificate in English Language Teaching ELT or Teaching English to Speakers of Other Languages TESOL Caroline Brandt s book is an invaluable guide to anyone thinking of enrolling on one of these courses With a clear and concise structure that follows your general interest in TESOL right through to the intricacies of the course itself it can be used from initial research stages to final qualifications and beyond Brandt s decades of experience in this field across the globe shine through Chapters include introducing English Language Teaching becoming qualified knowing your certificate course getting started learning working together being qualified Throughout the book there are snapshots of students experiences in their own words and summaries of key points for you to take with you whether into the next stage of learning or the next day s teaching The chapters are stand alone resources as well as the building blocks to becoming a fully qualified English Language teacher The book is supported by a companion website which provides quizzes to test understanding of each chapter lesson plan proformas a full glossary and annotated website links

Grammar Nonsense and What To Do about It Hugh

Dellar, Andrew Walkley, Do you hate teaching some aspects of grammar Do you ever feel frustrated that your students just don t get it Well in Grammar Nonsense Andrew Walkley and Hugh Dellar argue that you shouldn t really blame yourself The fault lies largely with the way grammar rules and methods have been passed down through training and published material and become established as the way of doing things a straightjacket that we need to escape from Through an entertaining series of rants and meditations on all things grammatical from the use of the word grammar to the horror of teaching verb patterns they aim to pull apart rules which we give without thinking and to question approaches to practice that are seen as a must Along the way you ll not only learn how published materials get written and about ideas such as the transformation fallacy and grammar olives but you ll also get plenty of practical suggestions as to what to do about all this nonsense
