LeeRoy Wisner's Handbook of Hard-to-Find Gun Parts Drawings LeeRoy Wisner,Reid Coffield,1997 Every gunsmith has guns come into the shop that are missing parts At first glance this may be just a problem and can quite often be remedied by simply ordering parts from your favorite parts supplier However if the firearm is obsolete and no new parts are available the problem can quickly escalate into a major crisis You find that you can neither buy a new or used part and you have nothing to use as a pattern in making or locating a replacement part To put the situation in a nutshell you simply cannot fix the gun for your customer Until LeeRoy Wisner wrote this book that is This is the first and only book ever written to help you repair guns you simply cannot find parts for by giving you drawings and dimensions you can use to manufacture or have manufactured for you the part you need It can also help you identify the miscellaneous parts you have in your shop or find at gun shows The parts in the following pages are drawn from actual parts The drawings are NOT based upon original or even secondary factory blueprints in the vast majority of cases such blueprints or machinist drawings simply no longer exist But because these drawings are based upon used parts parts that came out of guns that may have seen lots of wear during use or parts that may have been hand fitted during assembly when the guns were made you may have to vary some dimensions of the parts you make from these drawings to get them to function properly in the gun you are repairing Just be sure to remember that you are using these drawings as a GUIDE Expect at the very least be prepared to custom fit the part you make to your

particular firearm LeeRoy s and our goal is to provide you with the information and drawings and specifications that you genuinely need to make this one of the most prized and valuable books in your shop or on your bench *Kahr Arms K9/K40 Armorer's Manual* Kahr Arms,1997 *Beretta Pistols* Ian D.
