Should You Buy or Rent a House ARX Reads, Buying a home is a huge part of the American Dream Choosing to buy or rent though is a major decision that affects your financial health lifestyle and personal goals Whichever option you choose depends entirely on your lifestyle and financial situation Both require a regular income so you can afford the payments and associated costs and may also require a certain degree of effort to maintain But several differences make renting and owning property distinctly different Renting a property doesn't come with all the responsibilities associated with homeownership and

you have more flexibility as you aren't necessarily tied down to your property. Owning a home isn't always better than renting and renting is not always as simple as it seems. Here in this book we highlight some of the key differences between renting and buying.

Buying a Home Isn't Everything Paul Winstanley, Stella Winstanley, 2006-12-15

The Winstanleys bring a wealth of experience to this balanced user friendly and fact filled guide to renting a home. There has long been an extremely strong ethos among New Zealanders that favours buying a home rather than renting. But over recent years the unprecedented invasion of property investors has pumped up house prices and flooded the rental market. As a consequence the balance of risk and reward has altered dramatically and it's no longer automatically better to buy than to rent for many of those seeking security in a volatile housing market. Renting can offer a better financial lifestyle and investment option.

Buying a Home Isn't Everything examines the pros and cons of renting versus buying and presents the case to readers on all rungs of the property ladder. Case studies, charts and tables back up the clear and concise text.
