Interviews with technical and creative experts about developing skills and making images that matter **IPad and iPhone Digital Photography Tips and Tricks** Jason Rich, 2014 Teaches tips and tricks for using the iPad and iPhone to take, edit and share photos covering topics ranging from framing, perspective and lighting to creating digital slideshows, backing up images and finding low cost tools *Melding the Pieces* Henrietta Glaus, 2020-05-26 From growing up in a home without indoor plumbing or electricity, running barefoot on the farm to traveling and bicycling throughout the world, Henri Glaus has experienced a life filled with joy, sorrow, high adventure and the pleasure of accomplishments large and small. Expressed honestly with an element of humility, she recounts her story up to the cusp of her nonagenarian years. Understanding that life is a series of abstruse valleys and radiant peaks, Henri has embraced all the vicissitudes that a long life brings. Throughout everything she has had the undying support of an extended family so large that, as her sister said, a bramble bush rather than a family tree would be required to record it. Throughout her life, Henri was blessed with role models beginning with her parents, her brother and later four husbands: one a professor encouraged and supported her in attaining a Ph.D. This set Henri on a path that provided undreamed-of opportunities in her chosen field of education. There is an adage that states a life well lived is a life worth living. This is the story of that barefoot girl's journey: the life of Henri Glaus **Global Mobile Media** Gerard Goggin, 2010-10-18 Gerard Goggin has produced an incisive and penetrating overview of the world according to mobiles. Covering sight, sound and status, plus a host of other issues, he provides a provocative analysis of how mobile communication gadgets come to play such a prominent role in our lives. Any scholar of New Media will want to read this book. James Katz, Department of Communication, Rutgers University, USA. With billions of users worldwide, the cell phone is not only a successful communications technology; it is also key to the future of media. Global Mobile Media offers an overview of the complex topic of mobile media, looking at the emerging industry structures, new media economies, mobile media cultures and network politics of cell phones as they move centre stage in media industries. The development, adoption and significance of cell phones for society and culture have been registered in a growing body of work. Where existing books have focused on communication and on the social and cultural aspects of mobile media, Global Mobile Media looks at the media dimensions. Goggin provides a pioneering yet measured evaluation of how cell phone corporations, media interests, users and policy makers are together shaping a new media dispensation. Global Mobile Media successfully places new mobile media historically, socially and culturally in a wider field of portable media technologies through extensive case studies, including the rise of smartphones, with a detailed discussion of the Apple iPhone and how it has catalysed a new phase in convergent media.

audiences and innovation the new agenda in cultural politics and media policy featuring topics such as iPhone apps and control mobile commons and open mobile networks a succinct map of the political economy of mobile media identifying key players patterns of ownership and control institutions and issues a critical account of cell phones involvement in and contribution to much discussed new forms of production and consumption such as user generated content p2p networks open and free source software networks an anatomy of how cell phones relate to other online media particularly the Internet and wireless technologies Global Mobile Media is an engaging accessible text which will be of immense interest to upper level undergraduates postgraduates and researchers in Communication Studies Cultural Studies and Media Studies as well as those taking New Media courses
