The detective did not look like the gumshoes from old dime-store novels.

He was a lot thinner and he wore a close-fitting bodysuit rather than a raincoat. He was, however, just as focused on getting his man and finding the facts as Sherlock Holmes ever was. However, he was always plagued by a sense of not quite knowing why he needed to find this or that man, or this or that fact. He was not, in fact, sure he was working for.

He was drawn to following perfectly ordinary men and women who appeared to have little background, and no history. Whatever their crime, it was subtle. They seemed to crop up in large cities, slightly off-kilter in dress and speech, youngish, handsome or pretty beyond the norm, and a bit credulous and naïve in their behavior at times. He had watched in horror more than once when one of these targets of investigation had turned over his or her suitcase or watch to an obvious street criminal and thereby were neatly robbed.

Clearly, these folks were not themselves pickpockets; they were just too innocent. They were also too often seized by waves of racking, hacking coughs after taking huge, enthusiastic lungs full of the city air. They seemed to have no fixed addresses, but found themselves bunking with one person after another, sometimes for a day, other times for longer, and then moving on.

He followed them assiduously, and noted their movements in his pocket computer. From time to time, he sent a report to an address through the computer with no identifying information and always felt better afterwards. Then the compulsion would return. Find the folks who look like they don't belong, and follow them. There was nothing else in his life, and, as a matter of fact, he could not remember a life or a time before this job, this pursuit. No childhood, adolescence, no family, no loves lost or gained; just find the folks and follow them.

One late summer day, he located a small group of them in a hollow of ground in the main city park, surrounded by trees and quite out of view of passersby. If he had not been tracking one of them, he would never have found them. They shared that look of not being comfortable in their clothes, and the habit of gazing at perfectly ordinary

*Hedayat's Blind Owl as a Western Novel* Michael Beard, 2014-07-14 The Iranian writer Sadeq Hedayat is the most influential figure in twentieth century Persian fiction and the object of a kind of cult after his suicide in 1951 His masterpiece *The Blind Owl* is the most important novel of modern Iran Its abrupt tortured opening sentence There are sores which slowly erode the mind in solitude like a kind of canker is one of the best known and most frequently recited passages of modern Persian But underneath the book's uncanniness and its narrative eccentricities Michael Beard traces an elegant pastiche of familiar Western traditions A work of advocacy for a disturbing and powerful piece of fiction his comprehensive analysis reveals the significance of *The Blind Owl* as a milestone not only for Persian writing but also for world literature The international decentered nature of modernist writing outside the West typified by Hedayat's European education and wide reading in the Western canon suggested to Beard the strategy of assessing *The Blind Owl* as if it were a Western novel Viewed in this context Hedayat's intricate chronicle challenges the very notion of a national literature rethinking and reshaping our traditions until we are compelled through its eyes to see them in a new way Originally published in 1990 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Spanish or Portuguese language courses      **Bodies of Evidence** Amanda C. Seaman, 2004-02-28 The publication in 1992 of Miyabe Miyuke's highly anticipated *Kasha* translated into English as *All She Was Worth* represents a watershed in the history of Japanese women's detective fiction. Inspired by Miyabe's success and the increasing number of Western mysteries in translation, women began writing mysteries of all types employing the narrative and conceptual resources of the detective genre to depict and critique contemporary Japanese society and the situation of women in it. *Bodies of Evidence* examines this recent boom and the ways in which five contemporary authors Miyabe, Nonami Asa, Shibata Yoshiki, Kirino Natsuo, and Matsuo Yumi critically engage with a variety of social issues and concerns: consumerism and the crisis of identity, discrimination and harassment in the workplace, sexual harassment and sexual violence, and motherhood. *Bodies of Evidence* moves beyond the borders of detective fiction scholarship by exploring the worlds constructed by these authors in their novels and showing how they intersect with other political, cultural, and economic discourses and with the lived experiences of contemporary Japanese women.      *Library of Congress Subject Headings* Library of Congress, Library of Congress. Subject Cataloging Division, Library of Congress. Office for Subject Cataloging Policy, 2013      **The Gay Detective Novel** Judith A. Markowitz, 2015-02-16 Gertrude Stein called it the only really modern novel form that has come into existence; yet the mystery genre was a century old before it featured its first gay main character in a novel. Since then, gay and lesbian detective fiction has been one of the fastest growing segments of the genre. It incorporates gay and lesbian cultural elements and offers crossover appeal. Its authors call upon a century of development in the mystery genre while providing new, more accurate images of lesbians and gay men than generally found in mainstream literature and popular media. This groundbreaking study of gay and lesbian detective fiction examines mystery series and historically significant stand-alone novels published since the early 1960s. Part I is an overview that describes how these novels make gay and lesbian life visible and forge new, powerful images. It also examines how they fit into the larger history of mystery fiction. The series analyses in Part II are grouped according to the type of main character: police officer, private investigator, amateur sleuth, etc. Each section discusses main and secondary characters of that type, characteristic themes for the group, and more. The analyses of individual series cover main characters, themes, plot points, and other elements. Comments from authors interviewed for this book play a central role in those analyses. Part III lists series spanning themes, e.g., homophobia, the closet, gay marriage, and the novels and series that address each of those themes.      *How RTI Works in Secondary Schools* Evelyn S. Johnson, Lori Smith, Monica L. Harris, 2009-11-10 This book not only provides a solid foundation for guiding school improvement but also details an array of very practical tools that can be used to implement tiered instructional options in middle and high school settings. Donald D. Deshler, Williamson Family Distinguished Professor of Special Education, Director, Center for Research on Learning, University of Kansas. From research-based screenings to evidence-based interventions, the authors address the challenges specific to secondary schools and provide concise, realistic options. Nicole Power, RTI Coordinator and Speech

Language Pathologist Bethany Public Schools OK Practical solutions for implementing RTI and improving student outcomes in Grades 6-12 Implementing Response to Intervention RTI in Grades 6-12 offers many unique challenges but this comprehensive research-based book provides secondary school administrators with the information, resources, and guidance necessary to use RTI for the benefit of struggling adolescent learners. Drawing on the latest research, the authors identify the current best practices for key components of RTI and demonstrate how school teams can work together to implement an assessment and data-driven decision-making process for educators. Describing how all these elements can work together under the RTI framework, this book provides specific guidance on building leadership capacity to make RTI implementation a success. Case studies that illustrate real middle and high school RTI models. Instructional strategies for tiers one, two, and three. Forms, checklists, and lists of Web and print resources. With this valuable resource, secondary school leaders can avoid potential missteps when implementing RTI and make dramatic improvements in outcomes for adolescent learners. **The**

**Change of Narrative Modes in Chinese Fiction (1898-1927)** Pingyuan Chen, 2022-02-17 This book examines the Chinese fictions xiaoshuo published between 1898 and 1927, three pivotal decades during which China underwent significant social changes. It applies Narratology and Sociology of the Novel methods to analyze both the texts themselves and the social cultural factors that triggered the transformation of the narrative mode in Chinese fiction. Based on empirical data, the author argues that this transformation was not only inspired by translated Western fiction but was also the result of a creative transformation in traditional Chinese literature. **Adventure Stories for Reading, Learning and Literacy** Mal

Leicester, Roger Twelvetrees, 2010-07-09 Adventure Stories for Reading, Learning and Literacy takes a unique approach to cross-curricular teaching in the primary classroom. Providing eight original adventure stories, the authors build up a suite of resources and activities for teachers to use in the classroom, providing cross-curricular links in line with the PNS framework to literacy, science, PE, design, and technology, numeracy, geography, and history. Though the stories will interest both girls and boys, they take special care to appeal to boys who are known to achieve less highly than girls in reading and writing and include themes such as cars, football, ghosts, and ghouls, heroic deeds, space, and aliens. Each story is linked explicitly to moral and social values and can be used to reinforce citizenship, PHSE, and SEAL initiatives in primary schools. With photocopiable resources for each story, this book offers instant ideas which can be implemented easily in teachers' plans and in the classroom and assembly and will appeal to all busy teachers, NQTs, and teachers in training.
