

Highlight consonant blends

Stan set his raft in the pond. He held my hand as I stepped on. A gust of wind sent that raft away. Stan and I must swim out to get it.

Underline main idea of story

I must get a gift for Brett. I check his wish list. He wants a silk vest but it costs too much. I can not spend that much cash. What should I do?

Identify subject and predicate

Trent jogs around the black track. He hands the wand to Fred. Fred trips and falls flat on the track. He drops the wand.

Search for inflectional endings

Glen grins as he holds the flag for his club. He takes it out. It flips and flaps in the wind. "I hope the wind stops," says Glen.

Young,2010-08-09 Providing practical guidance and resources this book helps teachers harness the power of children s literature for developing ELLs literacy skills and language proficiency The authors show how carefully selected fiction nonfiction and poetry can support students learning across the curriculum Criteria and guiding questions are presented for matching books and readers based on text features literacy and language proficiency and student background knowledge and interests Interspersed throughout are essays and poems by well known children s authors that connect in a personal way with the themes explored in the chapters The annotated bibliography features over 600 engaging culturally relevant trade titles **Blends & Digraphs**

,2024-12-31 Using visual and context clues to recognize combinations of letters and their associated sounds Learning to read is one of life s most important skills and thus a crucial goal of the school curriculum Of the many strategies and tactics that help children become efficient readers no programs have proved more effective than those that include phonics Phonics helps students become independent readers by teaching them to sound out the new words they encounter Just knowing the name of each letter of the alphabet is not enough to attain this skill it is not enough to help them play the word in their heads It is important to know that vowels have long and short sounds that there are different ways of spelling a specific sound and

that sometimes two consonants together create a whole new sound while in other combinations each consonant is sounded out separately The Phonics Practice Simplified program will help students develop and master these and other sound symbol relationships that are important building blocks for reading success **Fun Literacy Activities for After-school**

Programs Sue Edwards,Kathleen Martinez,2004 This exciting first of its kind book helps after school staff members support literacy development while staying faithful to the unique mission of being something other than more school The authors explain the role of after school programs in literacy development and define aspects of literacy development The book contains 72 fun and engaging activities for all levels of school age readers *Selector's Guide for Elementary School*

Reading Programs EPIE Institute,1978 *How your Child can learn to Read and Write Before 6 (Free Version)* Montessori Helper,2014-02-07 It is a well known fact that the vast majority of children learn the alphabet by rote In other words they simply repeat the letters and learn them by repetition The ABC song is probably the best example of this misguided conventional wisdom The same applies to how most children learn the numbers 1 10 Since the alphabet and the number system are the most fundamental building blocks to all future language and mathematical learning in a child s life why is it that we do not allow the child to learn it in a way that aids comprehension not just memorisation by repetition In a concrete way where they will literally understand the difference between 1 and 2 or a and b Think about it how is a child meant to comprehend what 2 actually means when all they have heard is someone say 2 and they have simply repeated it much to the satisfaction of the doting parent or teacher It is this very logic that is often the catalyst for blocks and learning difficulties with Maths and other subject areas in later years By contrast one of the benefits of using the Montessori Method for teaching the alphabet and numbers is because she stresses how important it is to internalise a concrete concept first before building on that *How your Child can learn to Read and Write Before6 Using the Montessori Method* Montessori

Helper,2014-02-07 It is a well known fact that the vast majority of children learn the alphabet by rote In other words they simply repeat the letters and learn them by repetition The ABC song is probably the best example of this misguided conventional wisdom The same applies to how most children learn the numbers 1 10 Since the alphabet and the number system are the most fundamental building blocks to all future language and mathematical learning in a child s life why is it that we do not allow the child to learn it in a way that aids comprehension not just memorisation by repetition In a concrete way where they will literally understand the difference between 1 and 2 or a and b Think about it how is a child meant to comprehend what 2 actually means when all they have heard is someone say 2 and they have simply repeated it much to the satisfaction of the doting parent or teacher It is this very logic that is often the catalyst for blocks and learning difficulties with Maths and other subject areas in later years By contrast one of the benefits of using the Montessori Method for teaching the alphabet and numbers is because she stresses how important it is to internalise a concrete concept first before building on that
