

# Fairy Tale Writing Prompts

- Jack, the prince, happens to reach the land of the giants in the sky after using the magic beans, and you are sent to rescue him, upon reaching you realize that he is the giant king himself, disguised as a human to spy on how they will devour and destroy the human world. Write a story on how you will escape and save the human race from his evil plan.
- Share a short story about how the wolf plans and convinces little red riding hood to go into the forest and swallow her before she is rescued.
- Imagine you and your best friends being Hansel and Gretel. Write about the kind of problems you will go through against the evil witch and how you overcome them.
- A witch uses a potion that makes all the grains in the kingdom poisonous. What could have led her to do this, and how would you convince her to reverse it?

, 1921      *Annual Report of Williamsport School District for ...* Williamsport (Pa.). School District, 1911      American Lutheran Survey, 1917      *Paroimia: Brusantino, Florio, Sarnelli, and Italian Proverbs From the Sixteenth and Seventeenth Centuries* Daniela D'Eugenio, 2021-11-15 Proverbs constitute a rich archive of historical cultural and linguistic significance that affect genres and linguistics codes They circulate through writers texts and communities in a process that ultimately results in modifications in their structure and meanings Hence context plays a crucial role in defining proverbs as well as in

determining their interpretation Vincenzo Brusantino's *Le cento novella* 1554 John Florio's *Firste Fruites* 1578 and *Second Frutes* 1591 and Pompeo Sarnelli's *Posilecheata* 1684 offer clear representations of how traditional wisdom and communal knowledge reflect the authors' personal perspectives on society, culture, and literature. The analysis of the three authors' proverbs through comparisons with classical, medieval, and early modern collections of maxims and sententiae provides insights on the fluidity of such expressions and illustrates the tight relationship between proverbs and sociocultural factors. Brusantino's proverbs introduce ethical interpretations to the one hundred novellas of Boccaccio's *The Decameron*, which he rewrites in octaves of hendecasyllables. His text appeals to Counter Reformation society and its demand for a comprehensible and immediately applicable morality. In Florio's two bilingual manuals, proverbs fulfill a need for language education in Elizabethan England through authentic and communicative instruction. Florio manipulates the proverbs' vocabulary and syntax to fit the context of his dialogues, best demonstrating the value of learning Italian in a foreign country. Sarnelli's proverbs exemplify the inherent creative and expressive potentialities of the Neapolitan dialect vis-à-vis languages with a more robust literary tradition. As moral maxims, ironic assessments, or witty insertions, these proverbs characterize the Neapolitan community in which the fables take place.

**The Odyssey of Communism** Michaela Praisler, Oana-Celia Gheorghiu, 2021-05-14 This volume looks into the ways in which film has contaminated and reshaped culture's and the collective unconscious at both local and global levels, arguing that our lives have been impacted by the then that we keep revisiting lest we forget. It takes the reader from the Berlin Wall to China and from the terror of communist political prisons and labour camps to the rosy image promoted by propaganda. A key point throughout the text is its interdisciplinary nature as it brings together literature and film scholars, directors, sociologists, and philosophers whose overall conclusion is that communism, lingering in mentalities, still needs interrogation. Structured along four parts which trace a Homeric or rather Joycean journey to a home metonymised by the long-awaited freedom, this book sets out from the gloomiest aspects of totalitarianism in the Romanian, Serbian, and Soviet Hadeses of traumatic psychological and physical experiences and of imposed silencing. The second part gathers together case studies of films illustrating more optimistic views of communism as spring in the USSR or as a golden age in Romania, thus narcotising the communist subjects and preventing them from seeing the actual inferno. The third section offers filmic accounts of the aftermaths of communism, engaging the readers in a nostalgic process that revisits questions, reflects on, and remembers communism on a larger world stage. The coda rounds up the volume and the journey therein by crossing genre frontiers to written narratives with a cinematic component.

*Motivating Teen and Preteen Readers* Jeffrey Pflaum, 2011-07-21 *Motivating Teen and Preteen Readers: How Teachers and Parents Can Lead the Way* contains over 1,000 diverse, original, fun, creative, absurd, challenging questions on reading that will inspire adolescent reading lives from the inside out. The four books of questions contained in this volume are designed to help kids help themselves find their ways to a desire to read.
