

Graduate Thesis, Creative Project, and Research Paper Guide

THESIS OVERVIEW

What is it?

You can receive 6 hours of graduate credit for completing a thesis. This is a comprehensive research paper directly related to your degree or area of specialization. You'll need to show careful research and the ability to draw valid and specific conclusions from your data. You'll work closely with a committee of three graduate faculty members, who will need to approve your thesis topic, proposal, and final project when you are finished.

What a thesis requires:

1. Student must have completed at least 12 credit hours and have a committee of three faculty members.
2. The candidate's advisor, committee members, and departmental chairperson must electronically sign the Topic Approval Sheet approving the subject. The electronic Topic Approval and the abstract outlining the topic must be turned into the Graduate School via electronic submission for approval by the candidate's advisor, committee members, and departmental chairperson and final approval by the Associate Dean before registering for THES 698. Form can be found on the Graduate School website under Tools, Forms, and Resources.
3. The student who writes a thesis must enroll in THES 698, for a total of 6 hours of credit after receiving approval from the Graduate School. Students should not register for THES 698 until after the successful proposal meeting and after the Topic Approval Sheet has been submitted to the Graduate School via electronic submission and you have received an email notification that your topic has been approved. A student must also be in good academic standing to register for THES 698. The thesis is not used to meet the requirements for any course except THES 698. The grading system used for THES 698 is credit/no credit.
4. Student must apply to graduate in order to receive submission instructions. Graduation application deadlines can be found on the Graduate School website under Dates and Deadlines.
5. The approved thesis must be submitted to the Graduate School via electronic submission in final form at least four weeks before the close of the semester or term in which the student is to be certified for graduation. The submission deadline is listed on the Graduate School website under Dates and Deadlines.
6. The final copy of the approved thesis, any accompanying materials, and a 250- to 300- word abstract of the thesis describing the nature of the study and findings must be submitted to the Graduate School electronically using the instructions sent to you via e-mail by the Graduation Coordinator. Again, you will not receive these instructions unless you applied to graduate by the graduation application deadline on the Graduate School website under Dates and Deadlines.

Born Both Hida Viloria, 2025-05-01 From one of the world s foremost intersex activists a candid provocative and eye opening memoir of gender identity self acceptance and love My name is Hida Viloria I was raised as a girl but discovered at a young age that my body looked different Having endured an often turbulent home life as a kid there were many times when I felt scared and alone especially given my attraction to girls But unlike most people in the first world who are born intersex meaning they have genitals reproductive organs hormones and or chromosomal patterns that do not fit standard definitions of male or female I grew up in the body I was born with because my parents did not have my sex characteristics surgically altered at birth It wasn t until I was twenty six and encountered the term intersex in a San Francisco newspaper that I finally had a name for my difference That s when I began to explore what it means to live in the space between genders to be both and neither I tried living as a feminine woman an androgynous person and even for a brief period of time as a man Good friends would not recognize me and gay men would hit on me My gender fluidity was exciting and in many ways freeing but it could also be isolating I had to know if there were other intersex people like me but when I finally found an intersex community to connect with I was shocked and then deeply upset to learn that most of the people I met had been scarred both physically and psychologically by infant surgeries and hormone treatments meant to correct their bodies Realizing that the invisibility of intersex people in society facilitated these practices I made it my mission to bring an end to it and became one of the first people to voluntarily come out as intersex at a national and then international level Born Both is the story of my lifelong journey toward finding love and embracing my authentic identity in a world that insists on categorizing people into either or and of my decades long fight for human rights and equality for intersex people everywhere
