That's Not What Happened Kody Keplinger, 2018-08-28 From New York Times bestseller Kody Keplinger comes an astonishing and thought provoking exploration of the aftermath of tragedy the power of narrative and how we remember what we've lost It's been three years since the Virgil County High School Massacre Three years since my best friend Sarah was killed in a bathroom stall during the mass shooting Everyone knows Sarah's story that she died proclaiming her faith But it's not true I know because I was with her when she died I didn't say anything then and people got hurt because of it Now Sarah's parents are publishing a book about her so this might be my last chance to set the record straight but I'm not the

only survivor with a story to tell about what did and didn't happen that day Except Sarah's martyrdom is important to a lot of people people who don't take kindly to what I'm trying to do And the more I learn the less certain I am about what's right I don't know what will be worse the guilt of staying silent or the consequences of speaking up **Lying Out Loud: A**
