A History of Christianity in Asia, Vol. II Samuel Hugh Moffett, 2014-07-30 The story of Christianity in the West has often been told but the history of Christianity in the East is not as well known The seed was the same the good news of Jesus Christ for the whole world which Christians call the gospel But it was sown by different sowers it was planted in different soil it grew with a different flavor and it was gathered by different reapers It is too often forgotten that the faith moved east across Asia as early as it moved west into Europe Western church history tends to follow Paul to Philippi and to Rome and on across Europe to the conversion of Constantine and the barbarians With some outstanding exceptions only intermittently has the West looked beyond Constantinople as its center It was a Christianity that has for centuries remained unashamedly Asian A History of Christianity in Asia makes available immense amounts of research on religious pluralism of Asia and how

Christianity spread long before the modern missionary movement went forth in the shelter of Western military might
Invaluable for historians of Asia and scholars of mission it is stimulating for all readers interested in Christian history

Postcolonial Copyright Law Mespiti Poolsavasdi, 2025-08-15 This book appraises postcolonial perspectives to rethink the meaning of copyright and makes suggestions for its future within the global landscape of intellectual property law Drawing on the experience of Thailand as a case study a country with a unique yet marginal position in discussions on colonialism the book offers valuable insights for the international field of copyright law Thai copyright law emerged in an era when the threat of European colonial powers inspired local ruling elites to embark on a quest for modernisation and establish a modern absolutist state One can observe similar dynamics in the recent promotion of Thailand's Creative Economy Contrary to these top down developments the book argues for greater attention to attitudes and practices on the ground Taking an interdisciplinary approach informed by film studies area studies decolonial studies and legal sociology the book makes a case to redefine copyright as a community resource The book will be of interest to researchers in the field of copyright law postcolonial and decolonial studies and sociolegal studies Egyptian [mythology] Wilhelm Max Müller, 1918 **Portrait of Bangkok** Larry Sternstein, 1982 The American Cyclopædia George Ripley, Charles Anderson Dana, 1876 **A General Catalogue of Books in Every Department of Literature for Public School Libraries in Upper Canada**, 1847
